Get Rid of This Sign

The Board of Trade executive has levelled some criticism against the Regatta sign which has been a blot on the Kelowna landscape for too many months. In the opinion of this newspaper, the criticism was not strong enough and did not go far enough. The Board executive should have asked that the sign be removed and not erected again.

If the City Council gave permission for this sign to be erected in the first place, it did so, surely, without adequate consideration. The sign is on city park ground and no advertising should be permitted in the city parks. This applies, in our opinion, to even the Regatta. If it is desirable for the Regatta to have a sign there—which we doubt—it is equally desirable for other civic activities to likewise have a sign. If Council allows the Regatta Committee to clutter up the parks with signs, how can it in all fairness refuse to allow other semi-civic bodies to enjoy the same privilege? In a year or two we may well have the entire lakefront promenade a row of boardings.

The sign—any sign—definitely detracts from the beauty of this section of the park area. It blocks the view; it jars the nerves; it is a blot on the landscape.

Further, its advertising value is open to doubt. It is extremely doubtful if the message it, or any other sign, can carry provides any desirable publicity to the Regatta. If such a sign can do this, the Regatta Committee should consider using the roofs of their buildings for a sign which would be seen by ALL ferry users and would not clutter up the park entrance.

The sign, which has carried only silly information for the past three and a half months, further detracts from Ogoopogo. It dominates Ogoopogo until it is only the sign that is seen. The sign eliminates entirely the value of having Ogoopogo in that location. It makes Ogoopogo a bit of commercialized junk rather than a monument. Why does not the Regatta Committee place a sign on the Cenotaph?

We have heard of no argument that can justify the retention of this sign. In our opinion the executive of the Board of Trade should urge its complete and permanent disappearance, and the City Council—if it did give its approval to the erection of the sign in the first place—should reconsider its position and rule that no signs may be erected on city park property.

Challenge To Kelowna

In another column of this issue, plans for collecting used clothing for relief of suffering in Korea are outlined.

It is a challenge to the people of Kelowna.

A challenge to them to alleviate in some small way the suffering in Korea which has been described as much worse than any of that endured in any section of Europe during the recent conflict there.

During the recent war Kelowna met a similar challenge and through its "Bundles for Britain" showed the way to the entire continent in the matter of sending used clothing to the people of bombed-blasted Britain. So outstanding was this city's record in this regard that it was cited as the shining example time after time and one of the leading women in the movement was made by the King a member of the Order of the British Empire.

The need now is no less great. Perhaps our ties to the Koreans are less strong than they were with the people of Britain. But the Koreans are still humans and our allies and their suffering is equally as great. They have nowhere to turn but to us, the people of this continent. We cannot fail them.

And why should we fail them? Little effort and no personal sacrifice is involved in this appeal. All that is asked is that articles of used clothing be placed at the disposal of one of the organizations handling the collection and dispatching of this clothing. That old suit hanging in the clothes closet, gathering dust and becoming a picnic-ground for moths, might better be placed into service, bringing some warmth and much comfort to some war-destitute Korean during the coming severe winter months.

Read the article—and act.
Kelowna cannot brush aside this challenge.

Soft In The Head?

Reporters were talking to Adlai Stevenson a few hours after it became apparent that Gen. Dwight D. Eisenhower had been elected President of the United States.

One newspaperman asked whether the defeated candidate would run again in 1956.

"Have that man's head examined!" quipped Stevenson.

Who could blame him, if, at the end of one hectic campaign from coast to coast, he felt he would refuse to take part in another? And yet there is already talk he will be drafted by the 1956 Democratic convention. Despite the election-night allusion to soft-headedness, he likely would accept.

To seek the presidency—or to be president, despite the personal glory accruing from that office—calls for extreme personal sacrifice.

So does any form of voluntary public service. Few obtain personal gain from their public activities. Many members of parliament receive less in stipend and allowances than they can make in private business. Mayors and reeves, aldermen and school trustees, board of trade executive members and a host of people in other community or semi-civic organizations devote much time and effort to their jobs generally with no remuneration, or when there is some, inadequate remuneration. And almost always with little public appreciation of their services.

The community actually owes a vote of thanks to men and women willing to participate in public affairs, even though we may not all agree with everything they do.

A case in point occurred in City Council meeting on Monday night when Mayor Ladd made a point of paying tribute in open council to the work of the three aldermen whose terms

(Continued on Page 8)

CD Classes Will Start On Tuesday

Basic civil defence training classes will get underway Tuesday at 7:30 p.m. in the Kelowna High School, according to Major G. D. Cameron, civil defence co-ordinator for this area. Mr. Cameron stated recruits are urgently needed for the various departments of CD work, and any person willing to devote a small portion of their time will be welcome at the classes.

Classes will be held for two hours one night a week for six weeks. One class will be held on Tuesday night and another on Thursday. Instruction will be given by the group of instructors who qualified for this work earlier this year in the course given by chief CD instructor, Major Cathart Bruce. Sessions will consist of both lectures and practical work.

It is hoped to start similar classes in Peachland and Westbank in the near future.

Bobby Ballance played his last game with the Packers last night. Kelowna Senior Hockey Association officials announced today he had been released because the former PCHL star "couldn't seem to fit in with our plans for a young hustling club."

Coach Phil Hergeshelmer said he was at a loss to understand why Ballance didn't measure up to his expectations. "I'm sorry to admit it, but he was a big disappointment," said Hergel, reluctantly.

Ballance blamed no one but himself. "I couldn't fit in to this kind of system," he said this morning. "It was my fault more than anybody else's."

PLANS INDEFINITE
Happy during his month-long stay here (he was signed on Oct. 15), Ballance is undecided about the future. He talked with Paul Thompson after the game at Kamloops last night. He said he intends to stay around for a couple of days, maybe ending up at Victoria where he spent the summer.

Hergel said he is satisfied now with Durban, Stein and Roche as one forward unit and that newcomer George Tamblin would take Jim Middleton's spot on left wing with center Ken Amundson and right-winger Frank Hoskins.

Ballance's release cuts the Packers' roster to 16 players, including both goalkeepers. Negotiations still are going on for a big defenceman. A former Western International Hockey League was in touch with Hergel by phone today and may come here for a tryout.

LOCAL WOMAN DRAWS HORSE IN SWEEPSTAKE

A 26-year-old cook at the Coffee Counter on Ellis Street, is keeping her fingers crossed between now and the time the Manchester handicap is run off on Saturday.

Terry McClevey was notified this morning that she has drawn a ticket in the Army, Navy, Air Force Sweepstake. She has drawn a horse Tin Tinn Abulun and while odds have not been released, Miss McClevey will at least receive some money.

Asked if she was excited, she replied, "Well, I guess so, but you can't get excited over something you haven't got. We'll wait until the race is over."

YOU CAN HELP

Fervent Appeal Made for Used Clothing To Relieve Suffering In South Korea

Several Kelowna organizations are now engaged in collecting used clothing to be shipped to Korea to relieve suffering among the South Koreans. Mrs. W. E. Adams, secretary of the co-ordinating committee, has explained for The Courier the why's and wherefores of the movement.

There are five degrees of frost in Korea this morning. Our boys and the communists are huddled up in their bunkers trying to keep warm, and there are thousands of Korean refugees vainly trying to keep out the cold. That is hard on our boys too. They are young and not used to seeing such suffering and there is nothing they can do about it.

It is hard on us here at home. Whether right or wrong, it is our war, our one active front against the communists we don't want. We, the governments of our countries, and our boys, are waging it. We are responsible for the desolation that accompanies the war. We have accepted that in preference to the results that would follow on communism, which we can't and will not accept.

It is our war, even though we are carrying on as usual in our com-

Dead But Not Forgotten

HUNDREDS OF KELOWNIANS turned out for the Remembrance Day service in The City Park Tuesday. In the above photograph, some of the wreaths can be seen as they were laid at the base of the Cenotaph.

ON GOODWILL TOUR

Canada's Vastness Impresses Young Buddhist Leader

CANADA'S vastness and peacefulness have made a remarkable impression on one of the youngest leaders among the Buddhist sects in the world. He is Lord Abbot Kosho Otani, 41, of Japan, who is in Kelowna today during the course of a goodwill tour of B.C. He was accompanied by Lady Otani and several Buddhist leaders from Canada and the United States.

Lord Abbot heads the Shin sect of the Buddhists all over the world. There are more than 10,500 temples of this sect and about 7,500,000 persons. There are about 10,000 Buddhists in Canada, compared with 130,000 in the U.S. In B.C. there are approximately 4,000 devoted Buddhists.

THINKS SODIUM LIGHTS MORE SATISFACTORY
Two sodium lights have been in operation on the east section of Bernard, beyond the United Church during the past week. On Monday night Alderman M. Meikle, told council that they undoubtedly gave a better illumination than the older white light type. He felt that the two lights demonstrated that this type of light could provide a much better illuminated street in that area. He asked council members to make a point of checking for themselves.

George Craig, Well-Known Fruit Head Dies While Visiting Friends
The fruit industry lost a well-known member Tuesday with the sudden death of George Craig, 70, manager of the Kelowna Growers' Exchange packing house at Rutland. He died while visiting friends in Rutland.

Connected with the fruit industry since 1909, the late Mr. Craig had been in failing health for several months. He had been manager of the Rutland plant since 1936, joining KGE in 1927. Prior to that he was employed at the Summerland Co-op.

He was a popular member of the Kelowna Gyro Club until he had to resign a year ago due to illness. He first became a Kelowna Gyro 24 years ago. He was born July 5, 1882, in Arnprior, Ont., coming to B.C. 44 years ago.

TWO VACANCIES ON SCHOOL BOARD

The secretary of School District 23 has drawn the attention of Kelowna City Council to the fact that the terms of H. A. Truswell and E. L. Morrison, city representatives on the school board, are expiring, and asks council to take necessary steps to have the vacancies filled for next year.

THUGS GAIN LITTLE FROM TWO BREAK-INS

Two more break-ins occurred in the city with small amounts of money taken in both cases. Speedy Service, beside the Scott Hall, was entered some time Tuesday night. Pope's Studio on Harvey Avenue was next, with entry made by breaking a rear window and opening the latch some time last night or early this morning. Royal Canadian Mounted Police are investigating.

GEESSE MENACE TO AIRCRAFT

Geesse at the bird sanctuary at Duck Lake are becoming a menace to aircraft using Ellison Field. This information was contained in a report to council by J. H. Browne, city representative on the aviation council. Several cases of large flights of geese obstructing the course of planes have been reported. Council decided to send a copy of the report to the rod and gun club.

ROYAL BANK ACCOUNTANT PROMOTED

A promotion for R. F. Margetson, accountant at the local branch of the Royal Bank of Canada, has been announced. He will take over the manager's post at the Vancouver Heights branch, beginning November 24. He will be succeeded here by A. Y. MacDonald, Victoria.

Freight Rate Adjustment Promised

Canadian railways have promised some adjustment in freight rates prior to the movement of the 1953 soft fruit crop.

Word to this effect was received by B.C. Tree Fruits this morning from C. E. Jeffers vice-president, traffic department CPR.

For more than a year, Tree Fruits have been demanding equalization of rates.

Mr. Jefferson stated the railways have agreed "to making an adjustment in rates that are necessary prior to the movement of the 1953 crop to place the rates from Okanagan Valley shipping points to destinations in Manitoba, Saskatchewan and Alberta on the basis which will not be higher than the rates then in effect from Wenatchee to the same destinations."

SHIP BY TRUCK
"Consideration will also be given to the rates on soft fruits from Ontario to Western Canada to determine what adjustment should be made therein to eliminate any disparity which may exist between such rates and the rates from the Okanagan shipping points to the same destinations."

For some time rates from Wenatchee to Eastern Canada markets have been lower than those prevailing between the Okanagan and the same destination.

A large proportion of the 1952 crop was also shipped via trucks.

50 Percent 1952 Apple Crop Sold

Brazil Takes Another 11,000 Boxes

ABOUT 50 per cent of the Okanagan's 5,600,000 apple crop has been sold, A. K. Loyd, president and general manager B.C. Tree Fruits revealed this morning.

Mr. Loyd also announced that another 11,000 boxes of apples left this morning for Brazil. This is in addition to the 42,000 boxes which were ordered by the same country about a month ago.

While prices to date have been fairly good, Mr. Loyd stated the demand has slackened somewhat during the past few days. U.S. sales continue good. Total of 964 cars have been shipped to 34 states in the union and the District of Columbia. There are around 800 boxes to a car.

There are approximately 2,850,000 boxes of apples on hand out of the 5,600,000 box crop, Mr. Loyd pointed out. Carload shipments last week totalled 335 cars. Grand aggregate for the season is 7,688 cars compared with 2,024 cars for the same date last year.

STOCKS ON HAND
Elaborating on market conditions, Mr. Loyd stated demand in Western Canada has slackened considerably during the past few days. While representatives report no noticeable falling off in consumer purchases, sales to retailers have been below average. All markets report fair to heavy stocks of apples in wholesale storages.

In Eastern Canada, market requirements have been variable for the period under review. A few markets have shown renewed interest in Okanagan apples, particularly Delicious, while in other markets

Do You Want a New Electric Range?
WANT to buy a modern electric range? Or possibly a new car battery? Or would you like to purchase several gallons of anti-freeze to protect your car during the winter months? Possibly the family could do with some new clothes; or daughter could do with a new pair of skates?

These are but a few of scores of articles which will be sold at public auction at the Kelowna Scout Hall on Saturday commencing at 2:00 o'clock. Sponsored by the Kelowna Kiwanis Club, proceeds from the sale will go toward community endeavors which come under the wing of the Kiwanians.

According to President Bob Johnston, local merchants have donated brand new articles valued at over \$1,000. In addition, several hundred dollars worth of used articles, including clothing and furniture, will go under the auctioneer's hammer.

These new goods are now on display in the Paramount Theatre Block store, donated for use of the service club by the theatre's genial manager, Will Harper.

Without the assistance of Kelowna merchants, the auction would not be possible. There are literally hundreds of goods on sale, and anyone with an eye on a bargain, should make a point of seeing the display in the Paramount Theatre block.

APPROVE LICENCE
On Monday night council granted John A. Krassman a business licence to operate Mike's Dairy Bar, 1716 Richter.

Simple But Dignified Service Honors Dead Of Two World Wars
RUMBLE of guns in Korea and efforts of rehabilitating Western Europe were momentarily forgotten on Tuesday as hundreds of Kelownians, with bowed heads, paid their respects to those who had paid the Supreme Sacrifice in the last two wars.

The autumn-colored leaves in The City Park drifted silently to the ground as scores of civilians joined the ranks of the armed forces around the Cenotaph. Unusually mild Remembrance Day weather prevailed for the simple but dignified service.

After forming in front of the Canadian Legion building, the parade, led by the Legion Pipe Band, proceeded down Bernard Avenue to the Cenotaph. Following the band in the parade was "B" Squadron, British Columbia Dragoons, over a hundred ex-servicemen; the Canadian Legion Ladies Auxiliary; Kelowna Sea Cadets; Grenville Coy. B.C.D. Cadets; Girl Guides; Boy Scouts; Cubs and the 1st Glenmore Wolf Pack.

Ceremonies in the park opened with the singing of "O Canada"; Kelowna School Band, under the direction of Mark Rose, supplying the music.

A slight pause followed, then the band played a hymn known and beloved by all. "Abide with me" as the assembled audience sang in reverent tones.

REMEMBER DEAD
Canadian Legion chaplain, Rev. R. S. Leitch, B.A., B.L.; minister of

First United Church, Kelowna, spoke briefly of the "deep humility" felt by all who were present to honor those who made the supreme sacrifice in two world wars. "They died that we might live in freedom, just as others were doing in Korea today," said the Legion Chaplain, who himself was on the field of battle in "the war to end all wars," World War I.

A muffled sky permitted no shadows on the leaf-strewn area about the granite Cenotaph and yet a shadow was there; the shadow of Korea seemed to fall across the sombre faces.

As Rev. Leitch concluded his brief remarks and said "let us pray" those present knew that although the Remembrance Day services were being mocked by the thunder of yet another war, they must keep faith with those who died, 1914-1918; 1939-1945. Many

Gordon Saves Elks' Bacon to Deposit Packers in Basement

KELOWNA 3, KAMLOOPS 4 (Special to The Kelowna Courier)

KAMLOOPS—Kelowna Packers can lay most of the blame at the door of Elks' goalie Hal Gordon for now resting in the lowest drawer of the OSHL bureau. Gordon's tremendous work in the net last night made the big difference as Kamloops held on for a 4-3 nod in a thrill-packed fixture here before some 2,000 wildly cheering fans.

The win broke the stalemate that existed between the Elks and Packers, moving the Elks into second place, one point ahead of the idle Vernon Canadians and two points over the Packers. Pentiction still leads the race with a five-point margin over Kamloops.

The go-saw battle for the lower three spots in the standings likely will see further shuffling before the week is out. Three games are on tap, one Friday and two Saturday. The scrappy Canadians will get a chance to move into second alone tomorrow night when they try to hand the Pentiction sextet their first loss on home ice. Saturday the V's will be in Kelowna (starting at 9:00 p.m.) and Kamloops Elks come south to Vernon.

NEVER STOPPED COMING

During last night's game, Gordon had 33 shots fired at him from all angles. It was the Elksian netminder all the way in the final period when the determined Packers turned on the steam and never stopped diving until the final horn. Packers banded 12 shots at Gordon that were good enough to earn a win or at least a tie—but he stopped all but one. Elks led 4-2 going into the last chapter.

Gunnar Carlson opened the scoring just before the first canto ended. The second period was just a pup when Jack Smith shifted through to give the Elks a 2-0 lead. TWO FOR DURBAN Bill Hryciuk made it 3-0 10 minutes later. Ken Amundrud, a minute later, counted first for Kelowna but Andy Chakowski upped the margin to 4-1 shortly afterwards. Mike Durban got his first of two goals to trim the lead to 4-2 at the end of the second.

Durban got the only goal in the peppy third period. Hard fought, but clean, the contest produced four minor penalties, two to each club. First period—1, Kamloops, Carlson.

PACKER—PATTER

Sparks From The Pod-Belled Dove

By A. P. BACKER

"I don't care who wins as long as it's a good game."

Once in a while you hear someone make this statement. But if we're honest with ourselves, most of us will admit we want OUR TEAM to win! O.K., let's face it, let's admit it. I'm glum, chum, when the Packers don't win, at home or away. When they win here I leave the arena with a mellow glow; when they don't, regardless of how good the game is, a pall of gloom hangs low over Kelowna, a little black cloud which isn't completely dissipated until the Packers win again.

I DO CARE WHO WINS. As another fellow admitted to me the other day (referring to himself, and making an honest admission), "I'm a poor loser; if the Packers don't win, I'm not happy."

One man, who used to live in Vernon, maintains his neutrality. But hockey is a form of warfare (especially with the Warwicks out there) and unless you are petrified, or in a form of suspended animation, you just can't be neutral. I say, Of course, it's practically impossible to win 'em all but smiles abound when the Packers do. And when they don't? Stormy weather, Pal.

Crucial Commerck Puck Parley Friday Night

Future of commercial hockey, going through the lowest early season ebb since the arena was built, will be thoroughly discussed at a special meeting tomorrow at 7:45 p.m. in Jim Pantons' office in the City Hall.

All persons interested in any way are urged to attend.

STALEMATES COMMON
When Boston and New York played a 3-3 tie in the latter's NHL home opener Oct. 22, it marked the twentieth tie game in four seasons between these two clubs.

Brooms, Rocks Ready With Pre-Christmas Draw Away Friday

FIRST rock in the 1952-53 season of the Kelowna Curling Club will go sliding along the ice tomorrow evening, marking the start of the pre-Christmas draw and the second season for curlers under their own roof.

The draw committee this week released the names of those who will be making up the 45 rinks taking part in the first winter draw. Rinks are carried below.

The draw has one important change. It will not conflict with hockey in any way unless changes are made to the OSHL schedule. When games are called for the same night as hockey contests, they will be over in time for the competitors to go to the arena, if they wish.

Games are drawn for every day of the week except Sunday. Draw for the first three days is as follows:

Friday, 7:00 p.m.—Baines vs. Bourque; Cram vs. Dooley; Kristjansson vs. Marshall; Trenouth vs. Underhill; 9:00 p.m.—G. Brownlee vs. Cowley; Dunlop vs. Hobbs; Meekling vs. Piper; Potterton vs. Stevenson.

Saturday, 6:30 p.m.—N. Brownlee vs. Burkholder; Ellis vs. Johnson; Moir vs. Minette; Steele vs. Pollock.

Monday, 7:00 p.m.—Clow vs. Bolland; Darroch vs. Jones; G. Lipsett vs. Perry; Steele vs. Thompson; 9:00 p.m.—Bebb vs. Cmolik; Crosby vs. Harvey; C. Lipsett vs. Phillips; Potterton vs. Willis.

COULD USE THREE MORE
Final games in the pre-Christmas draw are scheduled for December 22. After that another draw will be drafted and if more rinks wish to enter they may do so before that time. Three more rinks would be appreciated since 48 rinks make for an ideal draw.

Make-up of the rinks follows: (Slips are first named but order given may not necessarily reflect the skip's phlegm of his men.)

BAINES, F.; Lander, J. B.; Beaver-Jones, W.; Flood, H.
BEBB, F.; Anderson, E.; Moir, B.; Nicholson, P.
BOLLAND, W. G.; Jacques, R.; Manson, F. A.; Butt, J. V.
BOURQUE, P. L.; Roby, M.; Harding, E.; Bouchard, E.
BROWNLEE, G.; Brownlee, H.; Bennett, R. J.; Gordon, W.
BROWNLEE, N.; Brownlee, O.; Waite, F.; Lloyd-Jones, W.
BURKHOLDER, F.; Cryderman; Clarke, A. R.; Hou, J.
CAMPBELL, J. K.; Seath, R.; Fisher, J. H.; Hughes-Games, W. B.
CLOW, N.; Reid, G. W.; Parker, F. K.; Moulton, A. D.
CMOLIK, G.; Reid, George; Ehaman, E. R.; Bennett, A. P.
COWLEY, V.; McLaugherty, R.; Arnold, W.; Tellman, A.
CRAM, C. A.; Robson, W.; Gregory, R. S.; Crooks, D.
CROSBY, G.; Bostock, A. E.; Hartop, A.; Garland, K.
DARROCH, W.; Stephens, L. R.; Griffith, K.; Adams, E. L.

KELOWNA PRESTIGE AT STAKE FOR SATURDAY TILT WITH V'S

More than just a hockey game will be at stake here Saturday when the Kelowna Packers and Pentiction V's renew their feuding.

In addition to having a reflection on the standings, the outcome is of particular interest to both clubs as a matter of honor and prestige.

Packers have yet to succumb to the razzle-dazzle V's on home ice. Kelowna has been beaten by Vernon and Kamloops here, but in the two encounters with Pentiction to date, Phil Hergeshelmer's men have come out by the narrowest of margins: 2-1 and 3-2.

Conversely, Pentiction has won at least once on the other two ponds (Vernon and Kamloops) and the V's are determined to make it unanimous with a Kelowna victory at the first opportunity. That comes Saturday, starting at 9 p.m.

PHEASANT KILL SAID HEAVIEST IN MANY YEARS

One of the longest pheasant seasons in recent years also was the most productive, from a hunter's point of view.

The 23-day season ended Sunday, having opened October 18. Most of the nimrods got something for their efforts with many getting their limit. Quail and partridge, also closed up after Sunday, were reported as "fair."

Ducks and geese, open until December 26, are present in good number, but they have the upper hand on hunters at the moment, staying pretty well to restricted areas. Hunters report large numbers feeding on Duck Lake in Elison.

There will be a change in shooting hours effective Saturday. Up until then, shooting closes at 5:00 p.m. but from Saturday (Nov. 15) until November 30, ducks, geese, coots and Wilson's snipe may not be shot at after 4:55 p.m. Daily shooting begins at a half hour before sunrise.

The deer, open fall has affected the deer kill considerably. Only a few are trying to get at the deer now, the rest content to wait a few days longer in the hopes heavy snow will drive the bucks down from the upper levels. The season

2 HAT-TRICKS

HERGY'S YOUNG BROTHER LEADS NHL IN GOALS

"Hat-Trick" Hergeshelmer could be the title won this NHL season by Wally, brother of Phil Hergeshelmer, playing-coach of the Kelowna Packers.

Last night Wally fired four goals to pace the New York Rangers to a 5-2 win over the slipping Chicago Black Hawks, at New York. It was Wally's second hat-trick of the season and only the third in the NHL so far this season. Ted Kennedy of Toronto has the other.

In registering his second hat-trick, Hergeshelmer's four goals also gave him the lead in the sniping department. He now has 10 to his credit, one more than Max Bentley of Toronto. Wally's point total now is 15, giving him second place in the scoring race, though he has to share it with Bentley and Detroit's Gordie Howe. (See listings page 8, second section).

JAILS FILLED AS KENYA ROUNDS UP TERRORISTS

MEMBERS of the rebellious Kikuyu tribe in Kenya, Africa, sit in sullen hatred after their cattle were taken from them following evidence of Mau Mau activity in their ranks. The Mau Maus are a secret society, believed Communist inspired, devoted to the rejection of British rule. They have killed and mutilated several Britons and many natives and threaten all the population with death if aid is given to police or British. Police, most of them native, have arrested hundreds of the Mau Maus and impounded thousands of head of cattle, the natives' principal wealth.

Little Theatre Group Outlines Reasons Why Toc H Hall Required

WHEN the city obtains possession of the Toc H property, it faces a major headache. This was evident Monday night when a brief asking for use of the building was received by council from the Kelowna Little Theatre.

It was stated that the Arts Club and the Kiwanis Club had both made representations to some member of the council while another group is advocating a senior citizen's recreational hall.

On Monday council took the stand that, as the city did not yet control the property, any representations were premature and that no encouragement would be given any group at this time.

When the city does obtain title to the property, the city engineer, building inspector, and fire chief will examine the buildings to see what use, if any, can be made of them.

TEXT OF LETTER

Following is the text of the letter received from the Kelowna Little Theatre group:

1. Our need to the Community:

(a) To bring drama and appreciation of the theatre to the citizens, and to supply a channel for youth to participate in all theatre efforts.

(b) Our fees are small and within the means of all.

(c) We have no limit as to districts. From Glenora, Benvoulin, East Kelowna, Okanagan Mission, as well as the city, we have interested members including Westbank. But we do not interfere with any individual groups but invite them to take part in festivals, and have offered to any group our services in direction and make-up if needed.

(d) Our members have assisted with the various forms of entertainment put on by other groups—the Regatta, Rotary, United Nations Kelowna Skating Club, Business and Professional Women's annual shows, also the Anglican Dramatic Club and Kelowna High School Drama Club, including the Boy Scouts in past years and Girl Guides.

(e) We issue invitations at no cost to these organizations. Tickets to the White Cane Club and the Lloyd-Jones Home, and the school

children in the Junior and Senior High at a small charge, out of which they get the proceeds for their own club funds. We donate their one night of our production for their own benefit.

2. Our reason for needing a suitable building is to expand our organization to an even more active group.

(a) Civil defence would like our support from our acting group and makeup department to work with St. John's Ambulance. This comes under our government defence plan.

(b) A summer school of drama supported by the department of education and drama.

(c) A summer school of ballet by Miss McBurney.

(d) The provincial festival of one-act plays, bringing groups from the island, the coastal regions and north and south territories. We were asked to accommodate this last year, but due to lack of facilities were unable to co-operate.

3. B.C. Drama Festival.

(a) We are attempting to participate in the three-act play festival against other groups from B.C. Funds will be needed to finance this effort and our only method to date for financing these projects is by producing for the public a series of plays. We have not asked any organization of the city to aid us in the financing. So far we have managed to do this through our sincere effort by delivering a satisfactory production, in which the public are our critics and supporters.

4. This building we are appealing to the city for has possibilities for our use, providing we will be able to use any stray buildings which go with the Toc-H Hall and

to re-organize and renovate the present main structure, with the possible result of making it not only a club-house for the Kelowna Little Theatre, but a miniature theatre.

(a) We have in our organization men capable of erecting any new structures we feel are necessary, within the by-law regulations of the city, plus qualified electricians. (We have not discovered plumbers in our group, but no doubt they will come to light if we investigate our listing.) On the face of this information should judge we are a very well equipped organization.

(b) The terms arranged by the city will designate the minimum amount we will be able to spend on renovating this building per year.

(c) As we are an active group, and our past record proves our need of a permanent home for Kelowna Little Theatre, we feel that other organizations, though they may need a building to hold meetings in, do not prove that they need a workshop in the same sense as we do, though we feel sure we could co-operate with other groups and their needs be fitted in to our scheme.

N.B.—We would like to draw your particular attention to the Provincial Drama Festival of three-act plays, for which we are entered which is a preliminary to the Dominion Drama Festival.

Mayor Hopes Councillors Serve Again

Mayor J. J. Ladd at Monday night's council meeting drew attention to the fact that the terms Aldermen Keller, Melke and Jackson are expiring and made a personal plea for them to allow their names to go before the ratepayers again.

"All these aldermen have done a good job," Mayor Ladd said. "I hope they will throw their hats in to the ring again. I personally hope they will stand. This council has not been a spectacular one but I believe it has been a good administration. That has been possible because we have all worked together and I, personally, have enjoyed working with each of the aldermen who are retiring. I hope that may continue next year."

WELL BALANCED

"Some people," the Mayor said, "claim we need new blood on the council. I would point out that Aldermen Trendgold and Jackson are finishing their first year on the council. Alderman Melke has served about two and a quarter years. Alderman Knox has been on three years while Alderman Keller is finishing his fourth. Only Alderman Parkinson and myself have been on council for more than two terms. It seems to me that we have a reasonable amount of so-called new blood and that this council has been fairly well balanced in that way."

Alderman Parkinson said he associated himself with the mayor's remarks and that he hoped the three retiring aldermen would all stand again.

"Where Cash Beats Credit"

HEART SEIZURE PROVES FATAL TO H. MITCHELL

Harold Joseph Mitchell, a victim of multiple sclerosis for eight years to become almost completely incapacitated in the past few months, died suddenly Tuesday evening from a heart seizure. He was only 30 years of age, stricken by the disease while in the flower of youth. A positive cure for the disease still eludes scientists.

His death occurred at his home, 688 Glenn Avenue, after he had been confined to bed for nearly a week. Cheerful despite his affliction, he was well-known by hundreds of persons in the city. For years he was able to drive an auto, but for the past two years he had to rely on someone to push him in a wheel chair.

BORN IN VERNON

The deceased spent nearly all his life in Kelowna, coming from his native Vernon at the age of six in 1926. His mother predeceased him in February, 1950. He was a member of the Multiple Sclerosis Association.

Final rites will be held Friday at 2:00 p.m. from the chapel of Kelowna Funeral Directors, Rev. D. M. Perley of First United Church conducting the service. Burial will be in Kelowna cemetery.

He leaves his father, James Mitchell, and one sister, Mrs. Ken (Margaret) Dwyer.

WILL "DISTRIBUTE" RELIGIOUS BOOK

A Harrier asked City Council on Monday night if he would require a peddler's licence to distribute a religious book written by himself, if he made no charge but did accept donations.

Council has replied that no licence is required if no charge is made, but he should be careful that he does not make a nuisance of himself during the promotion of his book.

Shop Talk

by MIL
CRITTENDEN

Here's something I heartily recommend from personal experience—ZERO cold water soap for woollens. This really remarkable product has been hard to find in Kelowna but now it's available at GANT'S PHARMACY and PHYSICIANS' PRESCRIPTION PHARMACY. Believe me, once you've washed your sweaters, baby things or other valuable woollens in ZERO you'll never risk washing them in any other soap. ZERO is made in Victoria and I've never seen it advertised but first heard about it from a friend. Since then I've told dozens of people about ZERO and they've been amazed at its results. You simply dissolve a spoonful of ZERO in cold water, soak your precious woollens for two or three minutes in the solution and watch the dirt disappear. Guaranteed not to shrink your garments one iota and they come out unbelievably bright and fresh. It lifts the most stubborn stains, lipstick marks, etc., like magic. One teaspoonful (enough to wash a sweater) costs one cent—so you see how cheap it is. ZERO can even unshrink garments that have been ruined by washing. Get ZERO at GANT'S PHARMACY or PHYSICIANS' PRESCRIPTION PHARMACY and you'll never be without it again.

Christmas is a merry affair for those "early birds" who get their shopping done NOW. That's why I suggest a visit to SHIRREFF'S \$5 to \$10.00 STORE—the place where Christmas dreams come true. Here you can budget your gifts but not your giving... you'll find welcome gifts at modest prices... and SH-H-H-I... it's yours and Santa's secret, but you can buy everything on SHIRREFF'S famous "lay away" plan. Ask for it this week-end.

TOWEL SETS are always favorite gift items and here at SHIRREFF'S \$5 to \$10.00 STORE you'll find a colorful new collection, all gift-packaged in bright cellophane wrappings. Fluffy, luxurious bath towel and face cloth, attractively boxed at \$1.00 and \$1.25. Another prize package—set of three generous sized "DeLuxe" face cloths in colorful box, just 89¢.

Half the fun of Christmas lies in the excitement of pre-Yule preparation. Packages smuggled into hiding places, a wonky odor wafting in from the kitchen. Making the Christmas Cakes is usually the opening ritual and you'll find everything you need at SUPER-VALU. More important, everything is guaranteed absolutely fresh new stock—your best assurance of superior cakes. You'll find Fruitcake Mix (pineapple, cherries and peel) as well as cut mixed peel, cut citrus peel, cut orange peel, cut lemon peel, pineapple rings. Also Australian raisins—a great favorite. And something new! Six ounces of fruit cake mix or red glazed cherries in attractive glass tins.

Perhaps you prefer to buy ready-made Christmas cakes. You'll find delicious, light or dark cakes at SUPER-VALU... three pounds at \$1.45. Also one pound sealed tins (wonderful for overseas parcels) at 65¢. Also sealed tins of plum pudding at 49¢ and 69¢. Umm... Umm!

Isn't it amazing how the weeks speed past? In just a month from now we'll be caught up in a flurry of exciting Christmas doing and already at ELEANOR MACK'S there's the bustle and hum of pre-Christmas shopping. The rush is on for those irresistible mid-winter hats and many are whisked away as soon as they're unpacked. Nothing does more for "the get-in-a-holiday-whirl" than a devastating hat from ELEANOR MACK'S. Some are romantic as mistletoe, designed "to put a sparkle in your eyes (and his)". Do try them on at ELEANOR MACK'S. The festive air will envelope you the moment you see yourself in "your" hat and you'll catch the holiday spirit for the gala weeks ahead.

Pointers from Peggy on how to feed your family well without squandering the family fortune. Fresh fruits are now tops from the viewpoint of value, flavor and nutrition. Oranges are a wonderful buy just now... three dozen for 69¢ in many of the stores. Bananas are cheap and Emperor grapes are still going down in price. Pink grapefruit is now as cheap as the white grapefruit—a pleasant change for the family.

Here are other good buys this week—Brussels sprouts, cooking onions, sweet potatoes. (Shop around for the large sweet potatoes, they are much cheaper!) Peggy had rave notices for the wonderful California celery now in the stores—the best she's seen in a year, she says. Packages of choice celery hearts are also available. The root vegetables are good buys just now—especially the Alberta turnips and carrot parsnips. Acorn and Hubbard squash should find a place in this week's menu, too.

The meat situation is good at the moment. Thanks to Swift's big sale there are wonderful buys in Red Brand Grade A beef in the stores. Choice frying chickens will be available this week-end and we can look for specials in leg of lamb.

Reports from the stores show that Kelowna people are eating more fish than ever before. Apparently the prejudice against fish is disappearing as Kelownians turn to seafood as a less expensive meat substitute. Fresh shipments of fish arrive from the coast twice weekly and best-sellers just now are fresh cod, fresh shrimp, fresh herring and fillets of sole.

Peggy is most enthusiastic about the choice quality small turkeys—up to 8 or 9 pounds—that are raised locally. These are especially bred for small bones and big, plump breasts and the meat is delicious. They were raised especially for Thanksgiving but there are still a few available each week. They can be bought fresh-frozen and put away in the locker for Christmas—a good idea as they're selling at 65¢ a pound now but will probably be much more at Christmas time.

Lois Melsted, Former Local Girl, Marries Oliver Man

A graduate of Royal Columbian Hospital, Miss Lois Melsted exchanged wedding vows with John Milton Padgett on Wednesday, November 5, at 2:30 p.m. in the Church of Christ the King at Oliver.

Rev. C. W. Downey officiated at the rites for the only daughter of Mr. and Mrs. E. Melsted, formerly of Kelowna, and the son of Mr. and Mrs. H. E. Padgett of Oliver.

Luminous bridal satin with red-tinged on train over silk crepe fashioned the gown which the bride wore as she was given in marriage by her father. A coronet of orange blossoms caught her chapel veil and she carried a bouquet of white mums with eucalyptus leaves. She carried a lace handkerchief, gift of her paternal grandmother, tucked in the dainty lily point cuff of her sleeve.

Bridesmaid was Miss Donna Wilby, of Vancouver, a former Kelowna high school mate of the bride. Princess lines of golden brown lace over bronze tulle fashioned her full length gown and she carried a blending bouquet of autumn blossoms. A complementary band of feathers formed her headpiece.

Groomsmen were Mr. Don Melsted, brother of the bride.

Mr. R. Guidi was soloist, accompanied at the organ by Mr. H. Ball. To assist in receiving the guests at the reception, held at the Elks hall, the bride's mother wore an afternoon dress of lustrous gold metallic with black accessories. Her corsage was of dark red roses.

The groom's mother chose an afternoon dress of silver grey tulle in two tones, and grey accessories, with pink rosebuds on corsage.

Dr. R. A. White proposed the toast to the bride, to which the groom responded. The toast to the bride was given by the groom to which the groomsmen responded.

The bride's table was graced by a hand crocheted cloth belonging to her maternal grandmother, was centred by a beautiful four-tiered wedding cake complemented on either side by tall white candles.

Catering for the reception were members of the Junior Circle, convened by Mrs. A. Orr.

For going away, the bride donned a complete ensemble of navy to contrast with her grey, all-wool fleece coat. The newlyweds will honeymoon in Victoria and points on the Island.

Out-of-town guests included Mr. and Mrs. A. E. Moulton, bride's grandparents; Mr. and Mrs. D. A. Moulton, Mr. and Mrs. A. McInroy and Carol, Mr. and Mrs. H. Thorlakson, Mrs. J. M. Lang, Mrs. R. Parker, Mr. and Mrs. H. Caley and Mr. and Mrs. A. J. Ollerich, all of Kelowna; Mrs. Eileen Crane, Port Moody; Mr. and Mrs. A. J. Ueland, Oroville, Wash.; Mr. and Mrs. E. M. McIntosh, Trail; Mr. Greg Percival, Vancouver; Mrs. E. R. Wilby, White Rock; Mr. and Mrs. Bruce Smith, Osoyoos; Mrs. Leo Melsted, Wynyard, Sask.; Mrs. Paul Bertois, Solsqua; Mrs. Chomat, Revelstoke.

ALBERTA'S PREMIER PREACHES IN EAST

ALBERTA'S PREMIER MANNING and his wife are spreading their evangelism from the prairies to eastern Canada in a tour that is taking them through Quebec and Ontario. He is preaching an old-fashioned fundamentalist teaching direct from the Bible. He denied that his tour had any political significance or that it was the start of his Social Credit party entering the federal election field.

PROCEEDS WILL HELP FURNISH HEALTH CENTRE

At the monthly meeting of the Women's Auxiliary to the Public Health Service held at the home of the president, Mrs. D. M. Black, plans were made for a sale of home cooking to be held December 6.

Proceeds from the sale will go toward furnishing the clinic room in the new Community Health Centre. Used toys and children's furniture are also being collected for use at child health clinics.

Miss A. Beattie, public health nursing supervisor, spoke to the group on the many auxiliary health services which are available through government and private agencies. She pointed out that one of the aims of the health unit is to ensure that these services are made available to all persons requiring them.

HIGH SCHOOL PTA MEETS ON TUESDAY

The monthly meeting of the Jr.-Sr. Parent-Teachers' Association will be held on Tuesday, November 18, at 8:00 p.m. in the Senior High School library.

Miss Crowe, librarian of the senior high and Miss Marshall, librarian of the junior high, will be in charge of the evening's discussion. Kenneth Garland will report on a survey made on reading material available on Kelowna's newsstands.

Pretty Wedding Solemnized At Peachland United Church

PEACHLAND—At a pretty wedding held at Peachland United Church on Saturday, November 8, Rev. J. D. Harris officiated at the marriage of Kathleen May Cousins, daughter of Mr. and Mrs. D. C. Cousins, of Peachland, to Erwin Penner, son of Mr. and Mrs. W. Penner, of Chilliwack.

The bride, who entered the church on the arm of her father, was lovely in a white nylon-sheer over-tulle gown, with full ball-train and fitted bodice, a chapel veil, and carried a dainty bouquet of white carnations and trailing ivy.

Her bridesmaid, Miss Frieda Penner, sister of the groom, was gown in pale blue organza and tulle in ballerina length, with matching small cap, and she carried a colonial bouquet of roses and carnations.

During the signing of the register Mr. Dan Wurser sang "Oh, Perfect Love," while the organist for the ceremony was Miss Shirley Cousins, sister of the bride. Ushers were Clifford Cousins and Hugo Penner. The interior of the church was most tastefully decorated with white and yellow chrysanthemums.

After the ceremony, a family reception was held in the Legion hall.

Youth For Christ Movement Elects Rev. C. A. Harris As New President

Rev. C. A. Harris, minister of Evangelical Tabernacle was recently elected president of the Youth for Christ movement at the annual election of officers. Others elected were Rev. P. A. Wilderman, United Evangelical Brothers Church, vice-president; Miss Betty Oldhauser, secretary; Mrs. Aubrey Brooks, assistant secretary; Miss Josephine Robinson fills the position of treasurer; Mrs. O. Hemmerling, pianist and I. K. Epp, choir master.

Rev. G. G. Buhler, formerly of People's Mission, was the retiring president and Rev. E. Martin of the Bethel Baptist Church was the retiring vice-president.

On Monday night, Youth for Christ will start their Fall work. A meeting is planned in People's Mission, of which the Rev. Charles Bayley is the new pastor. Rev. Fleming May, former Y. F. C. director in Calgary, will be the special speaker. At the time the Rev. Fleming was director in Calgary, the rallies were among the three largest in Canada, Toronto and Winnipeg being the other large rallies.

REV. FLEMING MAY
... guest speaker

Recently Rev. May held a rally in Fairbanks, Alaska, which is the most northerly Y. F. C. rally in the world. He also held meetings in other points in Alaska.

Next rally will feature the Rev. Trover of South America, who will be showing a new film of missionary work in that great country.

So Practical!**
New "can't-tip"
HAND CREAM DISPENSER

by
YARDLEY
OF LONDON
\$1.50

Such a wonderful idea! An attractive hand cream dispenser with a wide, flat base—just can't be tipped over! Economical, too—the dispenser tool gives you the right amount for each of the nearly 500 applications in this bottle. The dispenser jar can be refilled again and again with lovely, delicately scented Yardley Hand Cream that dries without a trace of stickiness.

Heather's Have A
Happy Secret...
They Want To
Share It With You.

Everyday women long for a tartan suit... an elegant suit for any season, any place, any casual hour... soft tailored by expert men tailors with custom-tailor workmanship. Scrupulous details, made from wonderful new imported scottish tartans. The secret is — you can have all these things for about \$7.00 — definitely not expensive. Cover yourself with winter laurels in a frankly feminine suit that's designed to step into without muss or fuss.

Partners in Perfection

We have focused on a style that will remain ever popular... The jacket, slightly fitted, with the tailored reverse and flap pockets has the four self-covered button closing. In the beautiful Hamilton Tartan, a muted plaid in powder blue and green with white. The skirt has four box pleats in front and back with the straight, smooth sides for a slim line. Give this partnership the advantages of specially chosen accessories and you have the perfect combination of good taste and quality. You and your pocket book deserve the benefits of these two partners in perfection.

We will special order the tartan of your choice... for added smartness a bright and beautiful plaid doublet or waist, guaranteed 100% Scottish wool makes for a pleasant change, combined with one of our nylon tailored skirts at 5.95. Our Suzanne sports wear is undoubtedly the finest in quality and versatility.

If it fits the time... the place... and you, it's — Suzanne sports wear. The jackets, the skirts, the doublets and waists, they are all beautiful! And they are all 100% Scottish wool.

Sincerely
Heather's

SALMON

Featured at SAFEWAY

Make this Tasty Dish

DIRECTIONS

1 lb. Canned Salmon, flaked
1½ cups milk
¾ cup bread crumbs
3 eggs, separated
2 tbsp. lemon juice
½ tsp. lemon rind
Salt and pepper

Scald milk, add crumbs and cook 5 minutes, stirring constantly. Add beaten egg yolks and cook over hot water (double boiler) for 5 minutes, still stirring. Cool slightly, stir in fish, seasonings, lemon juice and rind and finally fold in beaten egg whites. Turn into well greased dish, set this in hot water and bake for ¾ hour in 350-375 degrees F. Serves 4.

MRS. C. LUXTON FUNERAL RITES SET FOR FRIDAY
Funeral service for Mrs. Carrie Luxton, 59, whose death occurred Tuesday at Winfield, will be held Friday at 2:30 p.m. from St. Michael and All Angels' Church, Rev. A. R. Lett of Oyma officiating.
Burial will be in the family plot, Kelowna cemetery, beside the grave of her husband, William H. Luxton, who died in February, 1950.
Funeral bearers will be: Messrs. F. N. Gilsbome, K. Gilling, R. Moody, L. Clement, W. Johnston, T. Duggan.
Native of Bradford, Eng., the late Mrs. Luxton came to Canada as a young woman, marrying and settling in Alberta. They moved to Kelowna later and after a stay of several years, took up residence in the Salmon Arm district.
She leaves three daughters—Mrs. Gordon (Jessie) Shaw, Winfield, with whom she was staying at the time of her death; Mrs. William (Clarice) Fleck, Vancouver, and Mrs. Gordon (Dora) Williams, Canoe. Eight grandchildren, a sister, Mrs. G. M. L. Phipps, Canoe, and two brothers, Edward Ripley, Canoe, and William Ripley, Red Deer, Alta., also survive.
Day's Funeral Service Ltd., is in charge of arrangements. Mourners have been requested by the bereaved survivors to dispense with flowers.

EDITORIALS (Continued from Page 1)
expire this year, Keller, Meikle and Jackson. While Mayor Ladd officially expressed the hope that they would run again, how many of the ordinary taxpayers take the trouble to express the same hope, indicating that the personal sacrifice made by these men and others in serving their city in public office is appreciated? Few, we'll wager.
It would be an excellent thing if each citizen took a look at himself and his own activities; if he asked himself if he is doing as much as he should to help improve our government—from parliament to the lowest form of elective office—and the committee organizations which operate in his city and district.
Free democratic government can continue only as long as it has public support. The man or woman who takes part in public activities is helping keep alive our democratic processes.
"Have that man's head examined!" said Adlai Stevenson.
But even in defeat he would be among the first to say that without wide participation in public affairs the form of government we have and want to keep is bound to suffer.

Those Polls
In 1948 the various pollsters in the United States made their biggest mistake, up to then, when they predicted Mr. Dewey's victory over Mr. Truman. In this year's election they tried to hedge and almost without exception they said it was difficult to forecast the result because the race between General Eisenhower and Governor Stevenson was so close. Now, the results are in: they gave the victory to Eisenhower by landslide proportions. Purely for the sake of the record, it should be made plain that these polls, which make such a parade of their accuracy, can be just as wrong when they try to play it safe as when they venture on bold prophecies. They were, in fact, just as wrong in 1952 as they were in 1948.

How "Advanced" Can We Get?
Progress is one thing and safety precautions are another. Both are desirable but, like anything else, even food and water, when in excess, they are not good.
This newspaper has had a suspicion for some time that in its desire to be out in front this province has over-reached the mark on many occasions and adopted rules and regulations which are needless, if not absurd.
One such regulation we have written about in these columns before, and as a result of a recent experience, are prompted once again to say that British Columbia should amend this regulation and in future enact its legislation by common sense rather than on the advice of experts who make a fetish of making things tough for the common man.
The regulation of which we speak is that which prohibits the installation of an electrical outlet in a bathroom. This writer has recently been in four (five if B.C. is counted) Canadian provinces and sixteen states of the American Union. Only in B.C. did he fail to find electrical outlets in the bathrooms.
The natural question arises: is B.C. right and twenty other self-governing units wrong? In these twenty provinces and states is there not just as much "danger" as in B.C.? Or is it that other authorities appreciate that the "danger" from a 110-volt circuit is far from great? Or is it that in B.C. alone the rules and regulations are drawn up by men more interested in rules and regulations than they are in common-sense practice?
Whatever the reason, the actual score counted by this reporter is twenty permitting bathroom plugs and one, B.C., prohibiting them. Can twenty be wrong and B.C. alone right? We think not.

2 SIMPLE BUT DIGNIFIED
(From Page 1, Column 8)
were aware that it was necessary to hold to such faith for "without we are nothing."
LAST POST
Comrade Ross Oatman sounded the Last Post, then all heads bowed for the two-minute silence.
Following this came Revellie, after which wreaths were laid at the foot of the Cenotaph. First to do so was Comrade President Joe Fisher.
Soon others stepped forth from the ranks, men and women, some in uniform, others in "civies." Old vets placed their wreaths, stepped back, saluted fallen buddies reverently; others stood momentarily with bowed heads. A simple act of faith repeated over and over again, transformed the grey Cenotaph vitally as wreaths were heaped on.
The Benediction, pronounced by Rev. Lettich, was followed by "God Save the Queen."
The Cenotaph, inscribed with the names of 130-odd men and boys who paid the Supreme Sacrifice, remained sentinel-like, haloed with Remembrance as the crowd moved off to the Memorial Arena for another brief service.
In charge of the parade was Major D. G. Baisille, officer commanding B.C. Dragoons "B" Squadron, while parade marshal was Comrade P. F. Hillborn, vice-president of Canadian Legion Branch 26, Kelowna.
BRIEF CEREMONY
The Canadian Legion Pipe Band was again in the vanguard as the parade moved along the Abbott-Bernard-Water Street route to the arena.
Here the ceremony was of the utmost brevity. A single wreath was placed beneath the plaque at the entrance to Memorial Arena by Comrade Fisher.
The parade then returned to the Canadian Legion to disband.
"Erected by the citizens of Kelowna and district to honor those who served and in grateful memory of those who died in the defence of their country... dedicated 1940."
These are the words on the plaque.
At the foot of the cenotaph in The City Park are other words: "Their bodies are buried in peace, but their names live for evermore."
They are not forgotten. Even more enduring words are carried in the hearts of the free.

TWO COLLEGE YOUTHS MEET IN COLLISION
Two Kelowna youths, attending Washington State College, Pullman, and home for the week-end were involved in a collision on the Lakeshore Road, near Gyro Park Sunday.
Damage of \$200 was caused to the auto of Gib Wade and \$25 to that driven by Dave Brown when one stopped suddenly to be struck by the other, proceeding directly behind.

RUTLAND HOLDS REMEMBRANCE DAY SERVICE
RUTLAND — Approximately 100 took part in the Rutland Remembrance Day service conducted by Rev. J. A. Petrie on Tuesday. The afternoon service was opened with "Canada," to the accompaniment of members of the Rutland School band. Ross Oatman sounded the Last Post, and after a two-minute silence, the Revellie.
A lament was piped by a member of the Canadian Legion band, during the placing of the wreaths.
Joe Fisher, president of the Canadian Legion, Branch 29, officiated and for the Rutland Board of Trade A. W. Gray. Many relatives and friends also placed their wreaths alongside of the monument.
After the address by Rev. Petrie, those in attendance sang "Abide With Me," followed by "God Save The Queen."
Taking part in the Memorial service was the Kelowna Legion Band, Rutland Boy Scouts, Cubs and G.I.T.
Bertram Chichester, head of the Boys Scouts, Group Committee, acted as master of ceremonies.

NEW REGULATIONS FOR FURNACES
A new regulation concerning furnaces will shortly appear in city statutes. Henceforth a permit will be required to replace an old furnace or to install a new one. The permit requirement will permit inspection of the fire department, for which a \$2.00 fee will be charged.

Sacred Dictatorial Methods Deplored By CCF Speakers

Kelowna CCF Club Names New Officers

TWO prominent CCF speakers took time out from the Similkameen and Columbia by-election campaigns to address the annual meeting of the Kelowna CCF club here. Both O. L. Jones, M.P. (Yale), and Frank Snowsall, M.L.A. (Saenich), CCF provincial organizer, took issue with the Social Credit party and its policies. Mr. Snowsall deplored the sham of using the cloak of religion to cover up dictatorial methods by which "this reactionary party is run."

In the election of officers, Art Hughes-Games was chosen chairman; Mrs. B. Bedell, vice-chairman; Doreen Craig, secretary; Jack Snowsall, treasurer; James Stewart, education; Mrs. Ruth Purdy, publicity; Mrs. Lorraine Smith, literature; J. R. Pointer, ways and means; E. Burnett, membership.

Both speakers declared the CCF would win the two provincial by-elections. Mr. Jones said that since the general election last Spring, the public has become better informed on what the Social Credit party represents. He claimed, the Socialists oppose trade unions; they do not believe basically in the secret ballot and have expressed the view that voters should be required to sign their ballots. He stated Social Credit members of the House of Commons attacked the United Nations, and charged the Sacred Landing in the House as "the most hideous autocracy the mind of man has ever conceived." He said Social Credit members at Ottawa have consistently attacked the idea of a national health scheme as advocated by the CCF and promised by the Liberals 20 years ago.

Mr. Jones also noted that the two Social Credit candidates running in the B.C. by-elections were not chosen in a democratic manner by the voters of those ridings. A little over a year ago one of them had nominated Mr. Bennett to the leadership of the Conservative party. The "free enterprise" they profess to believe in no longer exists, he

said. Even the gold producers of Canada now get a subsidy from the government. Half the dividends paid to the shareholders is a gift from the taxpayer's pocket.

REVISED INTEREST

Frank Snowsall said he had found while travelling through B.C. a great revival of interest in politics and in economics. This was due partly to a problem common to all primary producers of Canada—a loss of world markets. The Liberal government had made a mistake in working too closely with the U.S.A. and in placing high tariffs on exports from Britain and Europe, he charged.

Britain and other European countries would be glad to trade with Canada if given a square deal. Inflationary forces in Canada had also made prices too high for free trade with Europe. This inflation, Mr. Snowsall stated, was due to rampant profiteering, especially in the field of food distribution. Thirteen of the biggest food distributors on this continent had increased their profits from 150 to 350%. The Atlantic and Pacific chain stores had been found guilty of swindling the public to the extent of \$21 million. They paid a royalty fine of \$145,000. Meanwhile city people were told that the primary producer, the farmer, was the guilty party. And farmers were told that the wage earner was responsible. Both charges were untrue, but were widely circulated by the profiteers and their friends, in order to keep the people from uniting, he continued. Mr. Snowsall warned that Canada must learn to run her own affairs and extend democratic powers to economic affairs.

CLOAK OF RELIGION

"We were told that when price controls were removed after the war that prices would find their own level. But monopoly control was now substituted for democratic price control. There was little or no competition left in the realm of big business. Even the three big auto manufacturers agreed to turn out new models at the same time. And of course, every raise in pay to the employee was an excuse to over-charge the public for the product. Westinghouse and General Electric always made \$1,040 profit a year on every person employed in their factories," he stated.

Touching briefly on Social Credit, Mr. Snowsall deplored the sham of using the cloak of religion to cover up the dictatorial methods by

which this reactionary party was run. In conclusion he expressed the hope that the Co-operative Commonwealth ideal would spread swiftly and surely to the voters of Canada in order to save democracy from those who would destroy it.

ROAD BLAMED

WINTER SCHOOL PROBLEM STILL NEEDS SOLUTION

By EMMA BYRON-JOHNSON
EWINGS LANDING — Problems and difficulties of educating children in the district were blamed on the inadequacy and dangerous condition of the three miles of highway immediately south of Ewings Landing School, the staff of Kelowna School District 23, in a heated discussion which took place at the annual meeting of ratepayers November 5.

An interested and representative audience listened with interest to a report on the entire school district by School Inspector A. S. Matheson who was accompanied by Trustee E. L. Morrison, Kelowna, and Trustee P. K. Wynne, Oyama.

How to serve the needs of the 19 children now enrolled was discussed from every angle and the crux of the matter being the problem of eight pupils resident at Fintry reaching the school during winter weather. Division of the school was considered but spokesmen for both Fintry and Ewings unanimously contended that greater benefit to the children and the community would ensue if one good school could be carried on at the present site.

Possibilities of a school bus were explored, but again it was apparent that this would not be feasible, the narrow, winding road with blind corners making the transportation of children unsafe, particularly in the winter when a single lane was plowed, the heaped snow on either side making the passing of vehicles impossible.

No solution to the problem of getting these children to school in safety could be found under present conditions. Inspector Matheson was requested to bring the matter before the proper authorities. Concerted action will also be taken by the ratepayers to bring the difficult situation to the attention of the Department of Public Works.

After discussion of local school affairs with Mr. Matheson and the attending school trustees, a profitable and interesting meeting was brought to a conclusion.

Vernon Scouts Have Toy Shop in Action

VERNON—The Vernon Boy Scouts now have their Christmas toy shop in operation. A repair depot has been set up in the Scout Hall and the Scouts are looking for all the repairable toys that the citizens of Vernon care to provide.

THE CHILDREN'S HOUR

Board Of Trade Approves Fire Committee's Action

RUTLAND—First supper meeting of the season was held by the Rutland Board of Trade Wednesday night of last week, with an attendance of 30, including members of the Adanac baseball team, who were guests of the board for the occasion. After the excellent supper, served by the local Women's Institute, there was a sing-song, and at this point George Clark presented a toast to the visiting Adanacs, citing their success during the league season last summer and wishing them luck for next season.

Coach Suemori Koga responded briefly, thanking the board for the invitation to attend. The "Dr. Wallace Cup," won by the team for ending the season on top of the B.C. Interior league, was on display at the meeting.

A short business session was held, W. E. Hall acting as secretary in the absence of W. Brooks, and a hunting trip to the Cariboo. Reports of various committees were received. Bert Hill gave the final report for the fire committee, and the committee was discharged, following adoption of a resolution that approved the recent action of the executive in transferring the assets of the hall to the new Fire Protective Society.

PROBLEM SOLVED
R. C. Lucas reported that the garbage collection problem appeared to have been solved, and the Loewen brothers were making regular weekly collections from the merchants with their trucks and would collect from others when requested. Plans for the Remembrance Day service were discussed and it was arranged to hold a service again this year at the local War Memorial on Remembrance Day and a committee consisting of B. Chichester, P. Geen, E. Mugford, A. W. Gray, D. H. Campbell and J. Bianco was appointed to arrange the details.

After the business session, the program committee had arranged a hobby night. Several members were present with examples of their particular hobbies, and gave short talks on their pet avocation. The president, A. W. Gray, displayed his collection of used and unused Canadian stamps, and spoke briefly on some features of the hobby and answered a number of questions.

MADE 20 VIOLINS
The next speaker was George Day, who had an unusual hobby, violin making, and explained the various steps in the intricate and difficult task of constructing a violin. He showed one in the process of being made on a mold, and had two finished violins on display. He said that he had always had a desire to make a violin ever since, as a boy, he had watched a man making violins in Kelowna, but only recently had been able to indulge in the rather costly hobby.

Much of the wood used had to be imported from Germany, and a lot of time was required in the construction, with repeated varnishing and revarnishing after the work of assembling was completed. In all, he had made about 20 violins, of which a number were being used in Rutland school. After the talk on their construction was concluded, Bert Chichester played a few selections on one of the finished violins, showing the fine tone quality of the instruments.

The final hobby talk and display was given by John Gervens, who showed a number of his very beautiful carvings of Canadians birds, all carved by hand from Yellow Spruce wood, a coast product, and painted in lifelike manner with oils.

FIRE DESTROYS BUSH TOWN'S WINTER SUPPLIES

AFTER THIS MILLION-DOLLAR fire destroyed the Abitibi Power and Paper company's commissary and the Hudson Bay company store at Smooth Rock Falls, Ont., food had to be trucked in from neighboring communities. The fire, spread by exploding oxy-

gen and acetylene, soon spread beyond control of firemen and the townspeople who volunteered to fight the flames. Winter supplies for the town and for the 650 bushmen in the area were totally destroyed.

Temperance Group Urges "Option Vote" Before Liquor Laws Are Changed

KELOWNA and District Temperance Action Committee, in a brief presented to the B.C. Liquor Inquiry Commission at Penticton Wednesday, advocates a local option vote before any additional outlets for the sale of liquor are granted.

Pointing out the Okanagan Valley voted against sale of liquor by the glass in the recent plebiscite, the brief contends that any change in present liquor laws will increase temptation among young people. It also advocates a program of rehabilitation of alcoholics; stricter regulations for private clubs; a ban on liquor advertising and stricter regulations for drinking automobile drivers.

Following is the text of the brief: The Kelowna and District Temperance Action Committee appreciates the privilege of appearing before the commission and begs to present certain submissions. We are well aware of the heavy responsibility which rests upon the commission in making recommendations to the Legislature of British Columbia.

TURNED DOWN PLEBISCITE
We would first of all like to call your attention to the fact that, in the three adjacent electoral districts of Salmon Arm, North Okanagan and South Okanagan, there was a majority, in the plebiscite of June 12, 1952, against the sale of liquor

by the glass. This also applies to that portion of the Okanagan Valley lying in the electoral district of Similkameen if the isolated and separate area surrounding Princeton is excluded. We feel that the "No" vote in this large continuous area in the interior of the province should receive due consideration.

It is our opinion that, due to the confusion which surrounded the meaning of the last plebiscite, no further liquor outlets should be opened in any locality until they have been approved by a clear and definite local option vote. When a local option vote is taken, it is necessary that the boundaries of the district concerned should be care-

fully defined and only citizens resident within those boundaries should be eligible to vote. Polling divisions, as defined in the Elections Act of British Columbia need have no boundaries. (Elections Act 24 (1) and 38 (2). A voter has the privilege of registering in a polling division other than that in which he resides if it is more accessible to him. A very marked example of the unsuitability of a polling division for the purposes of a local option vote occurred when a beer parlor plebiscite was held in the polling division of Benvoulin, adjacent to Kelowna, on August 11, 1948. The details of this vote are given in an addendum to this brief.

We would therefore strongly contend that whatever weight may be given to the results of the plebiscite of June 12, 1952, it would be quite incorrect and misleading to consider the result as applying to any unit smaller than an electoral district. Similarly, any unit smaller than an electoral district is, under the present Elections Act, unsuitable for a local option vote. We assume that, whatever other outlets are introduced, the present system of distribution through government liquor stores will be continued. Therefore the granting of licences for the sale of liquor by the glass would mean additional outlets. In the liquor business, as in any other business, the provision of more outlets will result in greater sales and greater consumption. This has been demonstrated by experiences in other provinces and other countries. We are aware that figures supporting this fact will be presented to you by the Al-

cohol Research Council and so will not go into further detail here. We would point out that the establishment of premises for the sale of liquor by the glass would also result in the development of vested interests whose sole aim would be to increase consumption. Therefore, it is our considered opinion that, if licences are granted, they should be limited in number and strictly apportioned to population. We would suggest that, in addition to liquor stores, there should not be more than one outlet for each 2,500 population up to 10,000, and above 10,000 not more than one for each 8,000.

STRICT REGULATIONS
Licences should be granted only to substantial businesses which are engaged in other activities as well as in the retailing of liquor. They should be subject to strict regulation and control with suspension or cancellation of the licence as the penalty for infractions. All liquor outlets should be operated in such a manner that the well-being of the community and its citizens will be safeguarded. We would suggest that licences be granted only to hotels of accredited standards and appropriate size.

We urge in the strongest terms that minors should be rigidly excluded from all premises selling alcoholic beverages. The establishment of premises for the sale of liquor by the glass will inevitably increase the temptation for drinking among young people. Communities should see that attractive centres for refreshment and entertainment, in which alcohol is not sold, are available.

We would commend the start which has been made in Alcohol Education in our schools and would request that this work be greatly expanded. Alcohol Education should be financed out of liquor revenues and directed by a full time staff.

Liquor advertising which appears so extensively in publications of all types largely nullifies the work of the alcohol education program and contributes to the excessive use of liquor. We urge that liquor advertising in British Columbia publications be prohibited and we hope that other provinces may join in eliminating it across the nation.

Rehabilitation of alcoholics has been in some measure successful in other places. This is a most important work and we urge that full details of other experiments be obtained and that similar rehabilitation centres be established in British Columbia and supported by grants from liquor revenues.

Drunken driving is the cause of many accidents. Safeguards and penalties to prevent the operation of motor vehicles by drivers who have consumed alcohol should be greatly strengthened. The experiences of Sweden in this regard should be carefully studied.

Private clubs in British Columbia now operate under very loose regulations in regard to the sale of beer and liquor. The result that many of them have become almost public drinking places. They should be supervised to ensure that their privileges are restricted to bona-fide members and not abused.

SUMMARIZE SUGGESTIONS
Information of an authoritative and unbiased nature is very necessary for intelligent voting on the liquor problem. Your commission is assembling much information and many statistics both from our own province and from other places. We would urge that this information and the conclusions which you reach should be given the widest possible publicity for the benefit of the electorate.

We would summarize our suggestions as follows:
1. The Okanagan Valley voted against liquor by the glass.
2. Additional outlets for the sale of liquor should be granted only on the basis of local option vote.
3. An electoral district is the smallest unit suitable for local option under present regulations.
4. Licences for the sale of liquor by the glass should be apportioned on the basis of population.
5. Strict regulations of licences and licensees is necessary.
6. The sale of liquor by the glass will increase temptations for drinking among young people.
7. Alcohol education should be augmented.
8. Liquor advertising should be prohibited.
9. A program of rehabilitation of alcoholics should be instituted.
10. Persons who drink should not drink.

11. Stricter regulations should be enforced in regard to private clubs.
12. The findings of your commission should be accorded the fullest possible publicity.

Respectfully submitted,
D. M. BLACK, Chairman.
G. THORNBURN, Secretary.

Agriculture Today

SOIL STERILANTS FOR WEED CONTROL

Soil sterilants for weed control are being used now widely every year. Soil sterilants can be used to great advantage in the central interior of B.C. because the infestations of the primary noxious weeds are still relatively small. These are the weeds that do the most serious damage and are not ordinarily killed by 2-4-D. An article on these soil sterilants appeared recently in the Alberta Department of Agriculture Farm Notes and it is quite applicable to our district.

Many of the soil sterilants give better results when applied in the fall of the year, says Mr. G. R. Sterling, Supervisor of Soil Conservation and Weed Control for the Alberta Department of Agriculture. While they will control all weeds, they are rather expensive. They should not be applied to weeds which can be controlled by cultivation or by other chemicals, such as 2-4-D. Tox Flax is one weed which cannot be controlled effectively with 2-4-D, and is costly to

control by cultural means. In harvesting fields which contain small patches of Tox Flax, it is advisable to treat these patches at the time of swathing or binding. A small amount of soil sterilant can easily be carried on the tractor, and it takes only a minute to apply four or five pounds of the dry form per one-hundred square feet. This will sterilize the ground, and leave a permanent mark which can be checked in succeeding years. If sodium chlorate is used, it should be carried in a tight container, so as to eliminate the fire danger of carrying it on a hot tractor. Polybor Chlorate on the other hand, is perfectly safe from the fire hazard standpoint. It may be carried with safety in a paper bag, or other similar container.

Small patches of quack grass in summerfallow or stubble land may be effectively controlled with an application of TCA. This product should be applied at the rate of one pound per one-hundred square feet. It is not practical on a field scale, but serves a very useful purpose in controlling small patches which cannot be cultivated as often as is necessary for the control of quack. This product gives better results when applied in the fall.

Mr. Sterling points out that "spot treatment" is the key to effective and economical use of soil sterilants. They can stop a weed in its tracks before it has a chance to spread from a small infestation. Or they can finish the job begun by cultural means without subjecting the soil to those extra cultivations which might otherwise be necessary.

**GROUP AT
PENTICTON
GIVES BEG \$500**
PENTICTON—Penticton Tourist Association has pledged itself to donate \$500 to the fund, sponsored by Vancouver City Council, for the purpose of bringing the British Empire Games to B.C.

This was decided at the annual general meeting of the association when new officers were elected and plans for the future were drawn up. (Kelowna City Council recently approved a \$500 donation).

Peter Van Der Hoop was elected president to succeed Alderman Frank C. Christian who spearheaded the movement which resulted in the inauguration of the association earlier this year.

Other business includes discussion of the canvass for funds and it was agreed that a canvass manager, working on commission basis, should be appointed to solicit funds from merchants and business men directly concerned with the tourist industry here.

It was also agreed that four committee chairmen should be appointed to assist the executive. The committees they will head will probably be publicity, publicity, highways and special events.

GAMES DONATION
The association's decision to donate to the games' fund was unanimous and, acting on the suggestion of one member, the group will ask City Council to donate a similar amount.

Following the election of officers during which Paul Aldersley was named vice-president and M. Davidson and L. Coates were elected treasurer and secretary respectively, Mr. Van Der Hoop presented reports on the tourists associations meeting held in Kamloops recently and of the work done by the Penticton association during the past year.

The Blossom Time advertising campaign which the association arranged at the coast was described by Hudson's Bay Company officials

as "the best advertising scheme we have ever seen," Mr. Van Der Hoop reported.

The Edmonton Boys' Band which was well received here was sponsored by the association and the grant to the city band by City Council was made following representations by the tourist group.

WORK TO BE DONE
The beach cleaning party, organized by the association, was another phase of the work commented on by the chairman.

Alderman Christian was also responsible in large measure for the decision to hold the 1953 Masonic convention here. The convention will bring about 600 people into Penticton for several days.

Alderman Christian, as head of the association, worked in conjunction with the rowing club to bring the northwest rowing regatta here, an event which is hoped will serve as a prelude to the BEG rowing events.

Of the future Mr. Van Der Hoop explained that there is a great deal to be done by the association if visitors are to be brought to Penticton and their visits made enjoyable.

"Penticton is enjoying a boom in the tourist industry while other centers are experiencing a slump," he said. "We have a great deal of work before us."

COMPLAINT LAID

BUT THE NOISE NOT ENOUGH TO RAISE THE DEAD

VERNON—Two "hunters" last week sallied forth into the Vernon City cemetery, guns in their hands, and proceeded to blast away at pheasants in the graveyard grounds.

It wasn't surprising that RCMP officers were called to the scene within a few minutes. A Pleasant Valley Road citizen complained to Ald. George Melvin about the hunters' indiscretion.

"I would like any other residents who see that kind of thing to do likewise," the alderman said "and cut down a lot of this nonsense we have to put up with."

Alderman Melvin issued a general warning to hunters: guns must not be fired inside the city limits, according to bylaw form of legislation.

Prosecutions will face apprehended offenders.

CASUALTY OF MANOEUVRES IN GERMANY

SOLDIERS PEER DOWN at U.S. tank lying in shallow waters of Kocher river, near Stuttgart, Germany. Three U.S. soldiers were killed and four others seriously injured when the tank, overloaded with ammunition, broke through the bridge railings and crashed into the river. The accident occurred during army manoeuvres held in the area.

Apple Juice for Soft Drink Market Now Being Bottled for First Time; Provide "Lift" to Fruit Industry

By GENEVIEVE STRAND
WENATCHEE—Apple juice for the soft drink market is being bottled for the first time in Wenatchee.

"As far as we know this is the first time that apple juice has ever been bottled in this way anywhere," said Al Roth, Jr.

But the production hasn't grown up over night. Wallace Miller, food technician from Portland, has been working on the formula for 12 years. Working with the Valley Evaporator he developed a good formula two years ago. Then came the business of obtaining the right kind of machinery and the exact handling in order to get the pure juice to keep over an indefinite period.

Those problems were worked out in the Wenatchee Bottling Company works and the juice is now in commercial production.

Each pop-sized bottle has on the average, the juice of three apples

—a Delicious, a Winesap and a Jonathan.

"In our first two days of operation we have used about 108,000 apples, that would otherwise have gone to waste," said Roth.

The first step of the production begins at the Valley Evaporator, where the apples go through a hammer mill and from there through the presser. Then the clear juice is brought in glass jugs to the Wenatchee Bottling Company plant, where it is dumped into a shining vat from which a gravity flow feeds into the mechanical filler.

"The bottles have to be filled in a vacuum," Roth explained. "At first our machine-filled bottle had a space of oxygen that had to be eliminated. Then our first attempts left it with a burned taste."

No air is left in the bottle when it is capped and from there on the juice travels on a conveyor to the stand where the bottles are placed

in open metal basket-like cases and 10 minutes.

Bert Garland and Ed Rose handle this end of the operation. Pre-filling operations for the apple juice are the same as for any soft drink. The bottles go into the automatic washer and come out sterilized and shining. Next they travel on a conveyor and are inspected for flaws and from there on the belt takes them to be filled.

"After processing some experimental juice this summer we placed the bottles on our roof where the summer sun beat down on them for two months, and still they kept perfectly," said Roth, "so we are confident that the juice will keep for any length of time under ordinary handling."

The Passing Parade

By JACK SCOTT

SELF-MADE RUB

Since I emigrated to the country I've learned to love the city in a new and rather exciting way.

With most country people "going to town" is an adventure containing equal parts of alarm and anticipation. They act like the fellow who announced: "I'm gonna get drunk and I dread it." This, of course, is because most country people feel strange in the city and often are firmly determined to have a lousy time.

Real or affected, it's an attitude I'm not able to share. Oh, I make the noises of disgust expected of me, but they are not from the heart. I really don't mind going to the city at all, because I know I'm coming back.

It is sort of like going to the circus. I know I've seen it all before, that the same old sights and smells and sounds will be there as they've always been, but I still love them and the call of the city, like the call of the calope, is a siren song.

There is, too, a certain formality about these regular excursions that makes them seem an Event. The city clothes, the oxfords and the white shirt and tie, seem strange and confining after the faded blue jeans and the loose wind-breaker.

I have a theory that clothes have a strong influence on the character of the people who wear them and I find that when I make that change in raiment I am, making a change, too, in attitude.

The country man who dons his "going-to-town" suit is a man buckling on his armor for a ride through the strange forest and that may be the reason he rarely enjoys the scenery. A man in armor is prepared for attack.

I guess I know the city as well as the next man. For some years I was, in fact, a city editor. Perhaps it was this very nearness to the place that kept me from savoring the mood and tempo of the gig town. Too close to the forest to see the trees. Is that the hackneyed phrase I'm groping for?

The moment I am swallowed in the big burg, is a moment with a thrill to it. I feel the immense vitality that I am with too many people in too small an area, the incredible design in the movement of the mass, the jazz beat after the slow waltz.

Only last week I found myself in an office high above the city's busiest intersection and stood there for a very long time peering down at the mesh of traffic with utter fascination. There is something almost comical in the way that man and machine, converging from four directions, will meet in a square and sort themselves out like chips of metal attracted by conflicting magnets.

I see the city in another way that is new to me. It seems a happier place when viewed from this plateau.

In the past I have written much about the gloom to be seen in the faces of the people on the crowded streets. It's a theme well-worked by every scribbler and with some cause. There is, in fact, an atmosphere of sorrow in any crowd.

But now, armed with this new perspective, I am more apt to notice the more pleasant aspects. I see the bright and perpetual Christmas of neon, the sun on the high turrets, the streets glistening with rain, the festival of a rich life on view in every shop window and all of the physical beauty that the city possesses. It is all there when you are able to lift your eyes from the pack.

I see, too, the essential happiness of the individual, the neighbors working over their gardens in Suburbia, the office girls on the high stools of the sandwich shops, filled with a joy of living, the essential good nature of people who have learned to get along with each other in close quarters, the families moving about in the square warm windows of homes surely as snug and happy as any in the country.

I see it all and find myself for more tolerant of the hemmed-in life than I ever was before. Then, with a little sigh, I hurry back to tell everybody what a terrible time I had in the big, cold city.

PLAN REFINERY FOR OIL PIPED FROM EDMONTON

Plans for a \$35,000,000 refinery at Ferndale, Wash., have been announced at Vancouver by General Petroleum Corporation. The refinery will be situated 42 miles south of Vancouver. It will refine Alberta crude oil and will have a capacity of 35,000 barrels a day.

Trans Mountain Oil Pipe Line Company, now building a 711-mile \$80,000,000 line from Edmonton to Vancouver, via Kamloops, also announced it will spend another \$2,750,000 for the 30-mile line from Sumas to the new refinery at Ferndale.

Trans Mountain's line is scheduled to be completed next August and Alberta oil should reach the Coast in October, 1953. General Petroleum expects to complete its refinery in the Fall of 1954. It will employ 350 men.

MATCHLESS VALUE!

Model C-712—In Walnut, Mahogany or Light Oak hand-rubbed veneers. Matched half-doors. Powerful 7-tube receiver. Slide-rule dial. New record player motor virtually eliminates turntable noises. Plays 10 records... three speeds... three record sizes... automatically shuts off after last record. Electronic Reproducer gives superb record reproduction.

RADIO PHONOGRAPHS

top performers...yet priced amazingly low

"Matchless" is the only word to describe the new G-E Radio-Phonographs. "Matchless" in performance and "matchless" in value. When you see them, when you hear them, when you compare them, you'll find it hard to believe that they can be priced so moderately.

Don't deny yourself the pleasure of owning one of these truly modern Radio-Phonographs one day longer. Your G-E dealer has them Now... he will give you the very highest trade-in allowance on your old radio...and he'll also be pleased to arrange easy budget terms if you wish.

SEE THESE GREAT VALUES TO-DAY

Model C-711—In Walnut, Mahogany and Light Oak. 6-Tube receiver with Slide-rule Dial and built-in Beam-a-Scope antenna. Record player automatically stops after last record... plays all three record sizes... all three speeds. Large cabinet record storage space.

"DIAL-BEAM" TUNING — It's New!

Model C-403—Features the new "Dial Beam"—a travelling beam of light which spotlights the station numerals as the set is tuned. Large five-tube table model with built-in Beam-a-Scope antenna. Other table models to choose from.

Model C-710 is available in gleaming hand-rubbed Walnut, Mahogany or Light Oak. Plays ten records of any size at the three speeds—33, 45, or 78 r.p.m.—and shuts off automatically. Six-tube radio has Dynapower speaker and built-in antenna.

SEE LITTLE HOPE FOR CHANGE IN EDUCATION COSTS

KAMLOOPS—Mayor J. E. Fitzwater and T. P. Wilson of Vinita were participants in Victoria last week at separate conferences with the provincial government regarding the distribution of responsibility for school costs.

Both say they were "disappointed" by the meetings and their outcomes.

Mayor Fitzwater was a member of the Union of B.C. Municipalities' delegation that laid eight resolutions, including a school cost revision suggestion, before the cabinet of school costs.

NOT FAIR SHARE

Mr. Wilson was one of five B.C. Federation of Agriculture delegates who bluntly told the cabinet that agriculture is bearing a disproportionate share of school costs. With B.C.F.A. secretary C. E. S. Walls, he also represented B.C.'s agriculturists at a conference with Premier W. A. C. Bennett and education

minister Tilly Roelaton. Also present were delegations from U.B.C.M., B.C. School Trustees Association, and B.C. Teachers Federation.

STIFF PENALTY
VERNON—A stiff fine of \$50 was imposed by Magistrate Frank Smith in city police court here on Indian Interdict. The magistrate promised still "rougher" treatment if he showed up in court again.

Brief Urges Consumption of Liquor in Well-Operated Hotels, Restaurants, With 'Local' Control Over Licences

A BRIEF drafted by a representative group of citizens who frowned upon the present type of liquor laws, was presented to the B.C. Liquor Inquiry Commission which sat in Penticton Wednesday. The brief was one of three presented from Kelowna. Other two were from the Kelowna Junior Chamber of Commerce, and from the Kelowna and District Temperance Action Committee.

Details of the Jaycee brief appeared in last week's Courier, while those of the Temperance Action Committee appear elsewhere in today's Courier.

TEXT OF BRIEF

Following is the text of the citizens' brief:

Following the statements in the press that submissions as to the subject matter of your inquiry would be welcomed from individuals or groups, we as a group of Kelowna citizens, diversified as to interests and occupations, wish to submit to you a brief summary of our views and suggestions.

With regard to the present liquor control requirements by law and the past application of these, it is our opinion that:

(a) The system for distribution of liquors of all kinds to the public generally encourages, and in some instances insists on, the emphasis being placed on drinking for its own sake, divorced from any other sustenance and from any entertainment or other activity.

We recognize that with the special facilities not available to the public generally, such as licensed private clubs, this comment may not be fully applicable but with the limited facilities available to the public this would seem to be well justified. In premises holding beer licenses there apparently can be no sale of food, or entertainment, games or other diversions, which necessitates almost complete attention to steady drinking. This is aggravated by a practice which seems to obtain in many beer premises under which the waiters, by means subtle or obvious as the case demands, discourage the dawdling and encourage well-stocked tables and the rapid sale of drinks. The public can also buy liquors of all kinds in sealed containers from the government liquor stores. This, however, they cannot (with minor exceptions) drink legally other than in a residence or hotel room. In the home the drinking can be secondary and accompanied by eating, entertainment or other activity but in the hotel room the emphasis must generally be on the drinking.

drinking for its own sake. And very much more is this so when the drinking is in cars, back alleys or other spots where the public must and does go if these authorized places are not available. Then, the drinking is surreptitious, known to be against the law and thus breeding a contempt of the law and encouraging a break-down of moral fibre, is often hurried and is frequently done to excess, due to the fact that they were required to buy in relatively substantial quantities. And it is also to be remembered that it is the younger rather than the older adult who is more likely not to have a place available where he can legally drink either alone or with his friends. Every effort is being made by law, by law enforcement and by education to eliminate so far as possible the driving of cars by persons whose ability to drive has been impaired by drinking. This will never be wholly eliminated but at present our liquor consumption laws are such that their very prohibitions, which were intended to be safeguards, contribute greatly in our opinion to the incidence of such drinking. The many members of the public who from time to time find themselves under our present laws without an authorized place in which to drink, learn quickly that a car in an out-of-the-way spot is the simplest place in which to be able to have a drink with reasonable prospect of safety from the law. There, they are under no supervision or control as to the quantity drunk and someone must of necessity drive after the drinking. As they often have no centre of activity except the car, there can be a great deal of driving in the course of the drinking.

SUPERVISION LAX

(b) Under present circumstances the supervision of the only places where the public can buy any liquor for immediate consumption seems to have been lax and casual. A greater readiness to cancel or suspend licenses and the enforcement of the Liquor Control Act and its regulations against permitting drunkenness or the serving of people who are intoxicated in such places, would in our opinion reduce much of the criticism of the present beer parlors and the revolution at the "closing-time turn-out" from them—though the great limitation of these facilities and the prohibition of food or any activity except drinking and talking in them is in our opinion just as important a cause.

MODERATE DRINKING

(c) Under the present laws, a younger person is never permitted to see or understand that there can be sensible and moderate drinking, unless he sees it in his own home or in the homes of his friends. Otherwise, it is, under ordinary circumstances, something which he first sees as an illicit undertaking under most unfavorable circumstances. Every obstacle is thus put in his way to understanding that drinking can be moderate and be something which can fit into the pattern of a normal life.

With regard to the manner and means most acceptable to the people of British Columbia of implementing the sale of liquors by the glass in premises licensed for that purpose, we would suggest that:

(a) The sale to and consumption of liquors by the adult public should be permitted in well-run substantial hotels and restaurants, both in what might be called "cocktail bars" and the dining rooms, subject to careful supervision so that so far as possible the abuse of drinking will not be permitted in them.

FOOD AVAILABLE

(b) The availability of food in any licensed premises should be

encouraged and entertainment should not be prohibited as it is now. Hotels should be required to have satisfactory dining facilities on the premises before being granted a license for a "cocktail bar."

(c) There should still be provision of licensed premises filling the same basic need as the present beer parlors, i.e. for the working man who wants a glass of beer and who does not wish to have to put on his best suit to have it or to pay any extra price necessitated by special surroundings. This might or might not involve separate licenses merely permitting the sale of beer as at present, but in any event such establishments should not be required to provide quite the same atmosphere and furnishings as "cocktail bars," though they should be under better supervision than now. It perhaps would not be practicable to require that any such licensee (except where he was also owner of a license for a "cocktail bar") might frequently be warranted must have satisfactory dining facilities. However, we do feel that such a licensee should be encouraged to have some kinds of food available (even just sandwiches, chocolate bars, etc.), and that certainly the prohibition on the sale of edibles in such premises should be eliminated. Some also consider that the name "beer parlors" has now such an unfavorable connotation that some substitute should be looked for.

PUB SYSTEM

(d) Enforcement of regulations should be such as to make licensees realize that their licenses are not permanent assets but that they are likely to be lost if the regulations, particularly those prohibiting drunkenness or disorderliness on the premises, are not adhered to. Our understanding is that in the Old Country a licensee is made to realize that his license is a somewhat fragile thing and that accordingly he is careful to do his own policing to be sure that it is preserved. This is probably one thing by no means the only reason why the Old Country "pub" is so well regarded. We realize too that another important reason is that the British people are better educated in their drinking habits, which with us can only come over a long period of time, but certainly the general availability of food and some entertainment or activity has a bearing on this attitude as well.

"LOCAL" CONTROL

(e) Though it is not suggested that the final decision as to the granting, suspension or revocation of licenses should be left to the local authorities, we do feel that the local authorities should be encouraged to make recommendations with respect to these items and that their recommendations should be given serious consideration. For example, the detailed requirements of eligibility for restaurants and hotels must vary between one community and another and the recommendations of the local authorities of such a point should be of material assistance, as also should be their recommendation with respect to any serious breaches of the licensing regulations.

(f) The drinking of liquor of all kinds cannot and should not be prohibited by law but, as it can be an evil when indulged in to excess, it should be regulated within reasonable limits. However, the primary point in our opinion is establishing a system which will assist in educating the public to moderation in drinking and to realize that drinking is not something like the use of narcotics which, except when used under doctors' orders, necessarily involves the thrill of something improper and which is done to excess if at all. We feel that it will be of advantage in this object to permit younger people in well-run hotels and hotel dining rooms to see that there can be sensible and moderate drinking which forms merely a course in a dinner rather than a purpose in itself. While we do not suggest that minors should be permitted into licensed premises generally, we do feel that they should not be barred from restaurants and hotel dining rooms which are licensed to serve liquors—though the rules of conduct for such places should presumably be correspondingly more strict than in other places where only adults are allowed.

Irrespective of how they are phrased, the above are merely the opinions and suggestions of a group of interested individuals—though representative of quite a wide field of interest and activity in Kelowna—and they are submitted to you in the hope that they may be of some

Men sure go for a MAGIC cake

COCONUT FUDGE CHIFFON CAKE

Mix and sift into a bowl, 1 c. plus 2 tbs. once-sifted cake flour, 1 1/2 tps. Magic Baking Powder, 1/2 tsp. salt, 1/2 c. fine granulated sugar; mix in 1/2 c. desiccated coconut. Make a well in the dry ingredients and add in the order given (do not stir mixture), 1/2 c. corn (salsa), 2 unbeaten egg yolks, 1/2 c. plus 2 tbs. water, 1 tsp. vanilla, 2 1/2 ounces unsweetened chocolate, melted and cooled. Stir the liquids to intermingle, then stir in the dry ingredients; beat until batter is smooth. Measure into a large bowl 1/2 c. egg whites (at room temperature) and sprinkle with 1/2 tsp. cream of tartar; beat until the egg whites are very stiff—much stiffer than for meringues, angel cakes, etc. Add flour mixture, about a quarter at a time, and fold after each addition until batter and egg whites are thoroughly combined. Turn batter into an ungreased 8" angel cake pan; bake in a rather slow oven, 325°, about 1 hour. Immediately cake comes from oven, invert pan and suspend cake until cold.

The Career Woman

By OLI DAUM

This is another in a series of stories introducing to the public Kelowna's business and professional women... their careers and how they got started... the field in which they specialize... the manner in which they conduct their daily busy lives and their experiences in learning to know and to cater to what you, the public, like best.

Herbert Business College is among the most highly recommended business schools in the province and students from other points in the valley as well as from other parts of Canada are often enrolled. Graduates are largely placed right at home, where there is an excellent demand, but some have gone to larger cities. Others have achieved outstanding success in Japan, in New Zealand and Australia, as well as in the British Isles.

Painstaking accuracy and intelligent workmanship have been the watchwords of Herbert's and their commercial course has brought many compensations both to the school staff and to its students.

There were a dozen desks, four typewriters and four students at Herbert Business College the day it opened in September, 1931. But growth has been steady and sound, until today, the total enrollment for day and night classes passes well over the hundred mark each year.

YOUNG PEOPLE

"It has been a joy to work with young people," said Mrs. Herbert who has had five children of her own, "and it's a joy to see so many new Canadians reaching out into the business field."

Mrs. Herbert teaches commercial law and English in addition to bookkeeping, typewriting and shorthand. The latter subjects she shares with Mr. Herbert.

Mr. and Mrs. Gordon D. Herbert were married one month after Mrs. Herbert graduated with a Bachelor of Arts degree from Brandon College. For the next five years they farmed at Ninette, Manitoba. A year in Vancouver was followed by a move to Vernon where Mr. Herbert was engaged in a vulcanizing business for one year. It was during that year that Mrs. Herbert decided she wanted to help supplement the family income, so both Mr. and Mrs. Herbert went back to Vancouver for Normal School training. Returning to Vernon, Mr. Herbert taught for seven years in Vernon Elementary schools, while Mrs. Herbert substituted in grades from one to 12.

MRS. G. D. HERBERT

During the years in Vernon, their flourishing family continued to make greater demands on the family budget and the Herberts decided it was time to make another move. Kelowna seemed to offer a favorable opening for a business school, so once again, Mrs. Herbert began studying by means of correspondence courses, and by 1937 had her Assistant Commercial Teacher's certificate for BC. Mr. Herbert had received his training at Brandon College. Mrs. Herbert spent one session at summer school in Vancouver and one semester at the University of California.

"There have been many changes in the school," said Mrs. Herbert, "but one thing is true: we are now occupying the same two rooms as we did when we opened, with the addition of another two."

Mrs. Herbert is a charter president of the Kelowna Business and Professional Women's club, and has maintained an active interest in the body since its inception in 1932. She is also corresponding secretary of the Kelowna Council of Women and hopes that, before long, Kelowna women will actually take their place in the legislative bodies of this country.

PAINT YOUR WALLS with WINDOWS CLOSED! **Kem-Tone** NO "PAINTY" ODOR

Doris Anderson Has Important Role In KLT "All My Sons" Production

Kate Keller is described in Arthur Miller's "All My Sons" as a "woman of uncontrolled inspirations, and an overwhelming capacity for love." This is the role that talented Doris Anderson, president of the Kelowna Little Theatre, tackles in her first role of the 1952-53 season.

Doris Anderson is one of the KLT's most active members and can always be relied upon when a production is underway. If she is not acting, she is directing. In the past few years, she played the important role of "Elvira" in Noel Coward's "Billie the Spirit," the mother in "The Man Who Came to Dinner" and the role of Mrs. Reid in the festival play "The Legend." In regard to her portrayal of Mrs. Reid, adjudicator, John Emerson, described her as being a "symphony of movement."

"Hands Across the Sea," another Coward play, was Kelowna's introduction to Mrs. Anderson's capable direction. She soon followed up with what proved to be another success, "Ladies of the Jury."

MRS. D. ANDERSON

Doris' first stage experience was the role of Peg in "Peg O' My Heart." She knew absolutely nothing about theatre and only with the help of the rest of the cast, who were professionals, did she manage to survive the ordeal. According to Doris, they made it so obvious what they expected of her that she could not help but respond correctly. Ever since then she has been vitally interested—if there is a play in town, Doris Anderson will be there, as audience or participant.

"All My Sons" is a play full of dramatic punch, promises to be a spell-binding and gripping production. With Frank Bishop as director and a cast of experienced stage people like Doris, Bert Johnston

and Charlie Patrick taking part, the result spells success in any language.

QUIET WEDDING CEREMONY UNITES VALLEY COUPLE

A quiet ceremony united in marriage Margaret Helen Stevens, daughter of Mr. and Mrs. F. C. Stevens, of Rutland, and Peter Spencer Dyson, son of Mr. and Mrs. T. Dyson, of East Kelowna, on Wednesday, November 5, at 1:30 p.m. in Saint Michael and All Angels' Church.

Ven. D. S. Catchpole solemnized the rites. Given in marriage by her father, the bride chose a gown of traditional white satin, topped by a fitted bodice of net. The bridal bouquet was of red roses and white carnations.

The bride's only attendant was her sister-in-law, Mrs. F. A. Stevens, who chose an ivory nylon model threaded with gold, which she complemented with a feather cap. She carried white roses and pink carnations.

Groomsman was Mr. F. A. Stevens.

Mrs. W. Creese was soloist. For her daughter's wedding, Mrs. Stevens wore a navy ensemble with pink carnations on corsage. The groom's mother chose a grey suit and her corsage was of pink carnations.

Mr. A. L. Baldo proposed the toast to the bride at the reception held at the Anglican Parish Hall.

Pink chrysanthemums surrounded the three-tiered wedding cake centering the satin damask tablecloth which ornamented the bride's table.

Mrs. D. S. Catchpole and Mrs. E. A. Still presided at the urns while serving the guests were Mrs. R. S. Brown, Mrs. C. Thompson, Mrs. A. Orsi and Miss J. McDougall.

For their honeymoon trip to Victoria for 10 days, the bride chose a grey suit and black accessories, which she topped with a wine coat. Upon their return, the newlyweds will make their home in East Kelowna.

Men's, Children's Clothing Needed For Local Use

The Central Clothing Depot of Kelowna Council of women is urgently in need of good used clothing for children and men. This depot is the only place in the city where those in need may obtain worn used clothing if through illness or unemployment they find themselves at this season of the year, unable to purchase same. The depot is a participating agency of the Community Chest

but without the aid of citizens in supplying warm used clothing, it cannot carry on. The grant from the Community Chest is used to purchase new shoes and rubber footwear for children. The depot carries on its work in the basement of the Salvation Army hall and all donations may be left there.

It's true what they say about TRUSHAY HAND LOTION

Extra rich **Yes!**
TRUSHAY's special richness softens dry skin quickly! Smooths hands, elbows and all other skin areas. A powder base—flattering and greaseless.

Prevents chapping **Yes!**
Household tasks, stormy weather can chafe or crack your skin unless you use TRUSHAY—the only lotion especially designed to prevent hand damage before it happens.

Fragrant **Yes!**
TRUSHAY's delicate fragrance lingers even when used before doing household chores. You know it's TRUSHAY by its skin-tone colour in the bottle.

Economical **Yes!**
A bottle of TRUSHAY goes further than most lotions because of its rich, uniform creaminess. Always have two bottles on hand... one in the bathroom and one in the kitchen.

Your busy hands deserve TRUSHAY care and protection. Despite many household chores, enjoy evening social affairs knowing your hands will never reveal what a busy day you've had. TRUSHAY even protects from effects of the new chemical sun!

SHOWER HONORS RECENT BRIDE

PEACHLAND — Honoring Miss Kay Cousins, bride-elect, a miscellaneous bridal shower was held at the home of Mrs. Ted Clements. Many beautiful gifts were received, and in the absence of the bride-to-be, who was unable to attend because illness had delayed her coming from Chilliwack, her sisters Mrs. A. Lucier and Miss Shirley Cousins opened the gifts. On behalf of her daughter, Mrs. D. C. Cousins thanked those present for their kindness. For the shower the living-room was decorated with mauve and pale yellow streamers and white wedding bells.

Even a new bride can have a *light hand* with pastry thanks to...

PURITY PIE CRUST MIX

Happy the bride who can make a good pie—with a melt-in-your-mouth crust, tender and flaky. And that's exactly what you get—every time you use Purity Pie Crust Mix.

With Purity Pie Crust Mix you make pies in half the usual time. Just follow easy directions on the package—and you'll make the most successful pie crust you can imagine. Each package makes a large double-crust, or two shells.

For ease, speed and economy, make sure you get Purity—the pie-crust mix that gives you a *light hand* with pastry.

Light hand the knack of making light, tender pastry—every time.

Also providing the shortest, fastest service, weekly to Tokyo and Hong Kong.

AIR CHIEF TO RETIRE

AIR MARSHAL W. A. CURTIS, 59, Chief of the Air Staff, centre, gives his congratulations to Air Vice Marshal C. R. Slemon, 48, Air Officer Commanding, Training Command, Trenton, Ont., who has been appointed to succeed him when he retires on January 31, 1953.

Looking on at right is Defence Minister Brooke Claxton who made the announcement. A/M Curtis, under whose guidance the post-war RCAF has emerged as one of the world's leading air forces, was appointed Chief of the Air Staff in September, 1947, after serving

successfully as Deputy Commander-in-Chief of RCAF forces overseas and Air Member for Air Staff at Air Force Headquarters in Ottawa. A/V/M Slemon held senior appointments in the RCAF's No. 6 Bomber Group and RCAF Headquarters overseas during the Second World War then became Air Member for Supply and Organization at AFHQ. In 1947, he became Air Member for Operations and Training and in 1949 was appointed Air Officer Commanding, Training Command, in which capacity he has been responsible for the success of the greatly expanded RCAF training program. —National Defence Photo.

Vernon Must Pay Part Cost For Repair Of Dam

RESPONSIBILITY for repairing the dam at Swan Lake, which went out in high water this year, is partly that of the City of Vernon, City Engineers F. G. de Wolf has advised the City Council.

The work may cost as much as \$1,000, but in all probability the Vernon Irrigation District will bear half the expense.

Mr. de Wolf said that he had attended a meeting concerning the dam at which were present, among others, provincial district water rights engineer Allan Kerr of Kelowna, and Vernon Irrigation District manager W. K. Dobson. Water chairman Ald. Jack Monk was also present.

It transpired that the water content to be stored in Swan Lake, according to an agreement between the City and V.I.D., was 1,800 acre feet. There were approximately 1,100 acres of water in the lake, which gave a depth at the dam of about 18 inches.

"At times, during high water," alleged Mr. de Wolf, "there were actually 41 inches of water at the dam," and he went on to accuse the V.I.D. of not inspecting the dam sufficiently frequently. That, he said, was the cause of the damage.

Repairs would involve 23 piles to be driven, the engineer continuing. Concrete was not satisfactory, and the total cost would approximate \$1,000.

Ald. Jack Monk wondered whether the City's own crew could be employed on the reconstruction. He felt that a pile driver could be "made up," and a considerable saving effected.

"For that kind of money, a lot of things which need to be done around here, could be done," he said.

Finance chairman Ald. R. W. Ley asked whether the agreement between the City and V.I.D. was being reviewed, and ultimately the City Clerk was instructed to ascertain from City Solicitor C. W. Morrow, Q.C., whether the agreement could be reopened and perhaps rewritten.

At the close of considerable discussion, the dam was ordered repaired; most aldermen felt they were bound by a legal responsibility to honor the terms of their agreement with V.I.D.

PEACHLAND

PEACHLAND—Mrs. Dave Fridge and small daughter, Lois, have returned to their home in Vancouver after a fortnight's visit at the home of her parents, Mr. and Mrs. E. Topham Sr. While in Peachland, Mrs. Fridge attended the wedding of her niece Miss Kathleen Cousins to Erwin Penner, of Chilliwack.

Mr. and Mrs. S. Scamnell and son, Anthony, have left for a short stay in Vancouver.

Mr. and Mrs. A. West have returned home after a fortnight's visit with friends and relatives at the coast.

Ice is now made at the curling rink and the boys are already putting it to good use.

BENVOULIN

BENVOULIN—Mrs. Henry Berand's returned home after being a patient in the Kelowna General Hospital for about a week.

Congratulations go to Mr. and Mrs. A. Metz on the birth of a son at the Kelowna General Hospital on Oct. 29.

Services were held at the Benvoulin United Church on Sunday last at 2:30 p.m. conducted by Rev. P. H. Mallett. Mr. Harry Johnson was organist.

Sunday school was held last Sunday in the Benvoulin United Church with three teachers in attendance and a nice group of children. The senior class was asked to take in any contribution of warm clothing for Korea to the Orchard City Motors in Kelowna.

Week of Renewal Service will be held in the Benvoulin United Church on Wednesday evening, Nov. 19, at 8:00 p.m. Speaker will be Rev. R. S. Lelich of First United Church, Kelowna.

Mrs. C. Doran has been substitute teacher at both Mission Creek and Benvoulin schools this week and last teaching on Monday and Tuesday of last week at Mission Creek school, taking Mrs. Smith's place who was away with a bad cold; and on Monday of this week at Benvoulin taking Roy Greening's place.

Not many of the Benvoulin pupils had the opportunity of attending their Monday free skating session at the Memorial Arena as transportation was hard to find. If there is anyone who could give their time and car between 3:00 p.m. and 4:30 p.m. Monday afternoon to take these youngsters in, it would be greatly appreciated. They could phone Roy Greening or any Benvoulin P.T.A. member.

Regular monthly meeting of the Benvoulin P.T.A. will be held on Wednesday evening, Nov. 19, at 8:00 p.m. at the school. A good turnout is requested as plans regarding Christmas concert and preparations for Christmas candy and costume making for the children will be discussed. Anyone willing to help with costumes or filling candy bags is asked to turn out to the meeting Wednesday evening for further details.

Miss Dorcen Fisher, of Nelson, spent the week-end with her grandmother, Mrs. J. B. Fisher, of Benvoulin.

The MacMillan Circle is trying to raise a fund for Christmas to United Church missionary in

EAST KELOWNA GUIDES HOLD CARD PARTY

EAST KELOWNA—A card party was held in the Community Hall on Friday last, sponsored by the local Girl Guides committee. There was whist, bridge and canasta, and during the intermission refreshments were served.

Prize winners were for whist, ladies' first, Mrs. D. Evans; men's first, D. Evans; consolation, J. Stewart.

Bridge, ladies' first, Mrs. P. Holitzki; men's first, P. Holitzki; consolation, Mrs. P. Stankov.

Canasta, ladies' first, Mrs. A. W. Rowles; men's first, H. Middleton; consolation, A. W. Rowles.

Proceeds will go to the Guide fund.

R. C. Pethybridge has received word of the birth of a daughter, November 4, to his son-in-law and daughter, Mr. and Mrs. R. A. Chell of Murrayville, B.C.

Mrs. C. Wilson has returned from McNutt, Sask., where she has been staying with her daughter for some months, and renewing acquaintances.

Frank Turton, Charlie Ross and Harry Cox, have returned from a hunting trip. The latter was successful in getting a deer.

Another successful hunter was John Karn, who brought home a deer.

Mr. and Mrs. R. A. Widmeyer have returned from their holiday. They drove to Oregon where they spent some time sight seeing, then went on to the Redwood Forest. On their return they spent several days in Seattle where they visited their son and daughter-in-law, Mr. and Mrs. W. Widmeyer.

Friends in the district of Mr. and Mrs. R. A. Chell, of Murrayville, B.C., extend congratulations to them on the birth of their baby girl, Mrs. Chell is the former Betty Lou Pethybridge.

Beverly Christie has returned from the Kelowna General Hospital and friends hope she will soon be well and back to school.

Many residents heard with regret of the death of F. W. Pridham, of Bankhead. Their sympathy is extended to his wife and family.

The 1st East Kelowna Brownie Pack will meet in the Community Hall, Saturday morning at 10:30.

Sunflowers have a definite place in the crop rotation of many farms growing this crop in Manitoba. They are usually placed in later stages of the rotation and are used to extend rotations and as partial replacement for summerfallow.

A fine of \$50 and costs was imposed in city police court Oct. 18 on Hugh Dewar after he pleaded guilty to a charge of driving while his ability was impaired by the use of alcohol.

IF OPPORTUNITY KNOCKS—DON'T LET A LACK OF READY CASH HOLD YOU BACK

A Low-Cost B of M Loan Can Save the Day for You

Opportunity is said to knock but once, so you don't want to risk missing it. It may require ready cash that you do not have, but even that need not stop you. If you have a regular income and are in a position to repay, you can obtain funds for any useful purpose at the Bank of Montreal.

A B of M Personal Loan is inexpensive and convenient. The interest rate is only six per cent, and the loan is repayable in easy instalments. And you pay interest only on what you still owe. If you borrow \$100 and repay in monthly instalment over a year, it will cost you just 27 cents a month—a total of only \$3.24. You can borrow more or less, for shorter or longer periods, at proportionately the same cost.

So next time you need money, don't hesitate to drop in and talk over your problem with Fred Baines, manager of the Kelowna B of M. —Advt.

SPORTS SPHERE

DURBAN TIED FOR FIFTH

V's Trio Still Set Pace In Hockey Scoring Race

Penticton's power line of the Warwick brothers and Doug Kilburn continue to set the pace in the Okanagan Senior Hockey League as scoring down the margin almost to small type.

Among those coming up to the top fast is Packers Mike Durban tied with four others for fifth position and with just three points less than the leaders.

Topping the pack are Doug Kilburn and Bill Warwick, both with 17 points. Kilburn leads the league with goals, having lit the lamp 10 times. Warwick is the best passer, with 14 assists. Brother Dick Warwick is only one point back, sharing the spot with flashy Leo Lucchini of Vernon. Both have 16 points.

Sharing fifth with Durban are Don Jakes of Vernon and Gunnar Carlson and Jack Smith of Kamloops.

OUT OF RUNNING?

Last year's "terrible trio," out front nearly all season long to end in a three-way tie for first, are well down the list so far. With Bernie Bathgate out of action for several weeks, the BCM line appears out of the running—as a unit John Milliard and Bathgate were tied for tenth spot with 10 points, according to the latest official figures. Andy Clovechok's name did not appear among the top 17.

Here are the scoring leaders and goalkeeping statistics for all games up to Friday morning, as released by league statistician Bill Padley of Kamloops.

MORE PUCKSTERS CAUSE CHANGES IN BANTAM LOOP

A flock of late registrations in the bantam division of the Kelowna and District Minor Hockey League has necessitated adding to and some changing of the rosters of the eight teams in the league.

Each team now has 13 or 14 players, ample to carry them through even in the face of illness, injury or absenteeism. Here is the make-up of the eight teams.

CANADIENS—D. Karnowski, B. Gearson, J. Tompkins, N. Wachlin, A. Bedell, J. Murrin, B. Weiser, K. Wilson, W. Drinkwater, P. Keonig, J. Davis, N. Karhals, R. Thomson, G. Loseth. (Coach, Bob Taylor).

CANUCKS—D. McMillan, A. Roberts, A. Klingbeil, G. Mitchell, O. Abram, T. Gant, D. Dulik, B. Kitch, A. Gruber, R. Gagnon, D. Bissell, A. McDonald, A. Hornig. (Coach, Roy Gunn).

BLACK HAWKS—R. Jacob, B. Bayer, G. Baulkham, R. Brown, F. Loyt, J. Marr, B. Ryder, D. McLure, B. Bissell, B. Murray, D. Blair, C. Owens, J. Fisher, R. Kitch. (Coach, George North).

BRUINS—B. Eldstrom, B. Scott, R. Wickenheiser, D. Ferguson, J. Beale, H. Turner, R. Evans, T. Wilson, B. Griffiths, R. Geske, J. White, B. Bifford, G. Simpson. (Coach, Moraldo Rantucci).

MAPLE LEAFS—C. Lindsay, J. Appleton, R. McCormick, J. Morrison, J. Large, R. McLeod, T. Brown, G. Sanders, D. Dore, F. Schaefer, T. Murro, D. Day, M. Deering. (Coach, Jack Boggers).

LEGION RANGERS—G. Hewitt, L. Thompson, R. Handlen, C. Finch, S. Senger, J. Murrin, D. Durik, B. Wostrowski, M. Clancione, E. Schoyen, B. Gretsinger, R. Neault, N. Bulach, H. Gouville. (Coach, unnamed as yet).

DUCKS MIGRATE LEISURELY DUE TO WARM FALL

A large percentage of ducks and geese have migrated south of the international border... There has been a steady, non-spectacular migration since the middle of October.

Chief Naturalist Bert W. Cartwright, creator of the "Duckology" stresses that: "Weather all over southern provinces has been dry and above-normal temperatures have prevailed... With no snow and temperatures ranging between 45-60 during the day, the birds are finding ample food on the stubble fields and plenty of open water."

He points out that final freeze-up in southern areas usually takes place about November 7-20, frequently from southward movement of a polar air mass originating in the Northwest Territories.

Stating that "no such air movement is in sight at this time (Nov. 3)", he concludes: "No mass exodus of ducks and geese is anticipated until the polar air moves in... Meanwhile, the slow filtering south will probably continue."

Significant note to the current issue is the stated fact that crop damage by waterfowl has been light in all three prairie provinces.

The above-mentioned favorable weather has enabled farmers to harvest their record crop in quick fashion and thus forestall raids by migrating waterfowl.

Club meeting in the 2:00 p.m. game, followed at 3:30 by a meeting between the Stampede and the Firemen.

S'ball Ass'n Gives "Life" To Our Will

Years of strenuous but entirely voluntary efforts, accompanied by a slough of worries, on behalf of softball in this district, have been acknowledged, though thoughts of reward were farthest from the mind of W. S. (Willie) King.

The grand old man of local softball has been awarded an honorary life membership in the B.C. Amateur Softball Association.

Mr. King was in no position to kick his heels when he learned the news from the Courier. He was confined to bed with a bad cold.

His daughter, Miss Rosemary King, said he was happy and the news should perk him up considerably.

Word of the life membership came from Bud Fraser at Kamloops, who had just returned from a meeting of the BCASA at Chilliwack. Fraser, well-known former coach of the Kelowna Aces and now coach of the Kamloops girls' softball team, said a formal presentation of the life membership would be made at a later date.

Motion to grant a life membership to the venerable "Diamond King of Kelowna" was passed unanimously after being proposed by Fraser and seconded by the BCASA president, Don Fraser of Vancouver.

Kelowna and District Softball Associations for the past half-dozen years are gladdened by the news. John Schneider, 1952 president, sounded the opinion of all by saying, "It couldn't have happened to a nicer fellow. If anybody deserved such an honor, it was Mr. King."

A tradition at all softball games with his straw hat and board. Mr. King has run the gamut of duties at The City Park, from taking the collections, preparing the diamond and taking care of equipment.

BANG-UP NIGHT PROMISED FOR FRIDAY'S SCHOOL CAGE OPENER

There's going to be some curtain-raising at the Senior High Gym Friday night—and those in charge of the program are pulling every string possible to make it a whoop-de-do night.

The occasion is the local opening of the school basketball season and sharing the spotlight are worthy rivals from Kamloops. For the discriminating cage patron, there are four games on tap—senior boys and girls and junior boys and girls—beginning at 7 p.m. The Kamloopsians are reported to be bringing a large crew of supporters in an attempt to wipe out, or at least reduce the advantage of the hometown teams.

Appropriate remarks by Principal Jim Logie, Recreational Director Jim Pantan and Lady-of-the-Lake Kathy Archibald, together with a table tennis exhibition by Western Canadian Champion Hong Mar of Kelowna are on the program.

Referees will be Bob Giordano and Jack Boggers.

GIRLS' PRO-REC STARTS SATURDAY

Pro-Rec classes for elementary school girls will begin Saturday and continue every Saturday from 10:00 a.m. to 12:00 noon in the Senior High Gym. Instructor this year is Miss Alice de Puyfer.

The resumption of classes for adult women is expected shortly. Lack of an instructor has been the cause of delay.

Pro-Rec instruction, provided by the Provincial Government, is free to all.

Summerlanders Take First Shuttle Tourney

Shuttle devotees staged their first tourney of the season recently, with a pair from Summerland raking in the marbles.

Dave Waddell and Miss Dorothy McLeod won the final in the American mixed doubles tournament, downing Kelowna's Bob Robinson and Miss Mary Stubbs in two straight—18-14, 15-10.

Another tourney is planned shortly, possibly for members of the Kelowna Badminton Club only. The junior development plan is coming along, a club spokesman said, but interfering still is the lack of racquets. Anyone who has an old racket, for which he or she has no use now, is urged to turn it over to the club. Call Chas Larson at 6823.

Bud Fraser sent along the congratulations of the Kamloops Softball Association.

DUMART OLDEST PLAYER
Woody Dumart, Boston's valuable utility player, is the oldest performer in the NHL. He's 35 years of age. Elmer Lach of Montreal is next oldest at 34.
